INTRODUCTION

The Annual Security and Fire Safety Report for the University of Illinois at Chicago (UIC) and its regional health science campuses in Peoria, the Quad Cities, Rockford, Springfield, and Urbana-Champaign is published in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (the Clery Act), as amended by the Violence Against Women Reauthorization Act of 2013 (VAWA), as well as the State of Illinois Campus Security Enhancement Act.

This report is prepared by the Office of the Vice Chancellor for Administrative Services: Office of Preparedness & Response, incorporating data and information provided by the Office of the Vice Chancellor for Student Affairs, the Office of Public and Government Affairs; the Office of the Dean of Students; the Office for Access and Equity; UIC campus safety and security authorities; and law enforcement agencies whose jurisdictions include UIC-owned or -controlled properties.

This report includes statistics for 2015, 2016, and 2017 concerning reported crimes that occurred: on each campus; in certain non-campus buildings or property owned or controlled by UIC; and on public property within, or immediately adjacent to and accessible from, each campus. The report also includes policies and procedures on campus safety and security; such as alcohol and drug use; crime prevention; reporting of crimes, domestic violence, dating violence, sexual assault, and stalking; and other matters.

The full text of this report is available online on the UIC Clery Compliance Website (clery.uic.edu) in PDF format. Each year, all enrolled students receive email notification of the website to access this report. Faculty and staff receive an official campus notification via email and new employees are provided notification during the application process and at orientations.

Copies of the report may also be obtained at the Office of Preparedness & Response, 1140 S. Paulina St. Suite 109, Chicago, IL 60612, or by calling (312) 413-5363. All prospective employees may obtain a copy of this report at the UIC HR Welcome Center, located at the Human Resources Building, 715 South Wood Street, Room 109, Chicago, IL 60612, or by calling (312) 996-0840. Prospective students may obtain a copy of this report online at clery.uic.edu or by contacting the aforementioned departments.

The commitment of UIC to the most fundamental principles of academic freedom, equality of opportunity, and human dignity requires that decisions involving students and employees be based on individual merit and be free from invidious discrimination in all its forms.

UIC will not engage in discrimination or harassment against any person because of race, color, religion, sex, national origin, ancestry, age, order of protection status, genetic information, marital status, disability, sexual orientation including gender identity, unfavorable discharge from the military or status as a protected veteran and will comply with all federal and state nondiscrimination, equal opportunity and affirmative action laws, orders, and regulations. This nondiscrimination policy applies to admissions, employment, access to and treatment in University programs and activities.

University complaint and grievance procedures provide employees and students with the means for the resolution of complaints that allege a violation of this policy. Members of the public should direct their inquiries or complaints to the Office for Access and Equity at oae@uic.edu or by calling (312) 996-8670.
As we begin a new academic year, I am resolved in my optimism about the future of our vibrant university. There is plenty of recent news to make us all proud as we begin another exciting year at the University of Illinois at Chicago (UIC). Please visit the UIC today website (today.uic.edu) to read some of the latest on our research, accomplishments, and other campus news, announcements, and events that will remind you that you are a member of one of the top public research universities in the nation.

It is my pleasure to reaffirm the university’s commitment to providing a welcoming, safe, and secure environment for our current and prospective students, employees, visitors, and community partners. We share a collective responsibility to maintain an environment free from acts or threats of violence, unlawful harassment, intimidation, bias, and other aberrant, dangerous, or criminal behavior. We tolerate nothing less.

To that end, I am pleased to present UIC’s 2017-2018 Annual Security and Fire Safety Report, as part of our commitment to comply with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, as amended by the Violence Against Women Act, (20 USC § 1092(f); 34 CFR 668.46). It was prepared by the Office of Preparedness andResponse and is part of the university’s ongoing effort to inform you about the safety and security programs and services available to the members of our community. I encourage you to read this report carefully, use the information it provides as a guide for safe practices on- and off-campus, and be observant and supportive of each other.

Within UIC’s diverse community, which forms the foundation for our institutional character, we continuously review various programs and recommend changes to further strengthen our policies, procedures, and systems in an academic setting. We strive to provide the safest atmosphere both in and out of the classroom. I call on the UIC community – both on- and off-campus – to elevate its collective commitment to working with us to develop additional solutions and to remain steadfast in our responsibility for advancing the necessary system for prevention, protection, and infrastructure to monitor the university climate, and to identify areas for improvement.

The safety and well being of everyone at UIC is our foremost concern. We demonstrate this through our ongoing prevention and awareness programs to eliminate criminal activity and to encourage students and employees to be responsible for both their own safety and the safety of others. Over the last year, we have expanded crime prevention support services for the front line offices (i.e., UIC Police, Title IX, Dean of Students, Counseling Center), increased full-time sworn police officer staff and student patrol personnel, enacted new policies and procedures, installed additional video surveillance cameras, and developed outreach and educational materials to encourage student recognition and proficiency in preparing for and responding to incidents and/or emergencies. Such programs equip the university community to work collectively to prevent, protect against, mitigate, respond to, and recover from incidents affecting our campuses and the communities we serve. This collaborative approach makes our campuses more efficient and effective, enabling us to better prevent and address crime and increase the availability of effective services for the university as a whole.

I want to thank you for taking the time to read this Annual Security and Fire Safety Report. Please consider participating in the prevention and educational programs offered at UIC. By acting responsibly, caring for community members, and remaining vigilant, we can make our university a safer, more secure and resilient environment in which we learn, live, and work.

Thank you for giving your careful attention to this important information. Best wishes for a successful year ahead.

Sincerely,

Michael D. Amiridis

MESSAGE FROM THE CHANCELLOR
THE UNIVERSITY OF ILLINOIS AT CHICAGO
THE UNIVERSITY OF ILLINOIS AT CHICAGO

The University of Illinois at Chicago (UIC) and its regional health science campuses in Peoria, the Quad Cities, Rockford, Springfield, and Urbana-Champaign, is an acclaimed research institution with 15 colleges dedicated to the discovery and distribution of knowledge. A noted research center, particularly in urban affairs, medicine, and the health sciences, UIC is committed to creating and disseminating new knowledge.

UIC operates the state’s major public medical center and is home to the colleges of Medicine, Dentistry, Pharmacy, Nursing, Applied Health Sciences, and the School of Public Health. The College of Medicine, with programs in Peoria, the Quad Cities, Rockford, Springfield, and Urbana-Champaign, educates more physicians than any other university in the nation. UIC is a vital partner in the educational, technological, and cultural fabric of the Chicago metropolitan area.

OUR MISSION:

• To create knowledge that transforms our views of the world and, through sharing and application, transforms the world.

• To provide a wide range of students with the educational opportunity only a leading research university can offer.

• To address the challenges and opportunities facing not only Chicago, but also all Great Cities of the 21st century, as expressed by our Great Cities Commitment.

• To foster scholarship and practices that reflect and respond to the increasing diversity of the U.S. in a rapidly globalizing world.

• To train professionals in a wide range of public service disciplines, serving Illinois as the principal educator of health science professionals and as a major health care provider to underserved communities.

PEORIA REGIONAL CAMPUS

Located on the Illinois River, Peoria is home to programs affiliated with UIC and UIS, bringing world-class academic opportunities to this robust city. Peoria is home to downstate Illinois’ largest medical campus.

COLLEGE OF MEDICINE

The University of Illinois College of Medicine Peoria (UICOMP) opened its doors in 1970 as part of a state mandate to expand medical education opportunities to different parts of Illinois. Since then, UICOMP has provided combined services of patient care, education and training, clinical research, job creation, volunteerism, community outreach, and facility development. The regional campus strives to enrich the quality of health care and everyday life throughout the heart of Illinois.

COLLEGE OF NURSING

The UIC College of Nursing Peoria Regional Program was established in 1974. The program offers a variety of master’s programs as well as the Doctorate of Nursing Practice (DNP). At the graduate level, many courses are delivered online and via videoconference with other College of Nursing regional locations. The Peoria program also offers a broad array of clinical experience within the central Illinois area.
The University of Illinois at Chicago

Located on the east and west side of the Rock River 80 miles northwest of Chicago, Rockford is a regional home to several UIC academic programs that work in partnership with local hospitals and healthcare organizations to provide medical training and research opportunities for students and health services for area residents. College of Medicine at Rockford (UICOMR) is internationally recognized as a leader in medical education. As a collaborating center to the World Health Organization, competitive academic curriculum and acclaimed research opportunities attract top students and faculty worldwide to the 20-acre regional campus.

COLLEGE OF MEDICINE
Since 1971, the UICOMR has focused on building an academic medical institution committed to education and advocacy, dedicated to research and continuous innovation, and centered on clinical service in the surrounding communities.

One of the largest public medical schools in the United States, UICOMR provides the finest community-based medical training, and offers educational development of health professionals through health services to the Northern Illinois region. A unique program based in Rockford is the Rural Medical Education (RMED) program. The Rockford regional campus is also home to the Crawford Library of the Health Sciences.

ROCKFORD REGIONAL CAMPUS

The area often referred to as the Quad Cities includes Moline, East Moline, and Rock Island in Illinois and Davenport and Bettendorf in Iowa. The five communities are located near the confluence of the Rock River and the Mississippi River.

COLLEGE OF NURSING
The UIC College of Nursing Quad Cities Regional Program, established in 1980, offers a variety of master’s programs as well as the Doctor of Nursing Practice (DNP). Most of the courses are a combination of online and videoconferencing with other regions. Day and evening classes are offered throughout the week. Clinical experiences are provided at a wide array of facilities in the Quad Cities area and are supervised by a variety of advanced clinicians. The majority of Quad Cities students are from the surrounding counties, with nearly 80% of graduates serving the local community.

The UIC College of Nursing Rockford Regional Program opened in 1992. The nursing regional site offers access to a wide variety of graduate programs in diverse specialties. In addition to several master’s programs, the program also offers the DNP. The College of Nursing at Rockford campus is able to engage in distance learning and participate in classes in Chicago through teleconferencing technology that brings students together across all of five UIC campuses. Classes are offered in a variety of formats – in person, videoconference, and online. Clinical experiences of the highest caliber are arranged and supervised by faculty at locations in and around the Rockford region.

COLLEGE OF PHARMACY
In a direct response to the continuing shortage of pharmacists in Illinois, the College of Pharmacy created its Rockford regional program. The first class of students was admitted in 2010. Students complete four years of pharmacy education on the Rockford regional campus and clerkship sites throughout the state.

Students in the Rockford program complete all of the same coursework as students on the UIC – Chicago West Campus. Students interested in a career in rural pharmacy can choose to be admitted to the Rural Pharmacy Program (RPHARM); the goal of the RPHARM concentration is to educate students about the unique challenges and opportunities present in rural communities.
The Springfield Regional Campus is located in the State of Illinois capital on the southeast side of the city, near Lake Springfield. The city of Springfield is approximately 200 miles southwest of Chicago and 100 miles northeast of St. Louis.

COLLEGE OF NURSING
The first cohort of students of the UIC College of Nursing Springfield program started in Fall 2016. It was established through a partnership with UIS and Memorial Health Systems to offer students the opportunities to earn Bachelor of Science in Nursing (BSN), Master of Science in Nursing (MSN), or DNP degrees on the Springfield campus.

SPRINGFIELD REGIONAL CAMPUS

The University of Illinois at Chicago

URBANA-CHAMPAIGN REGIONAL CAMPUS

Located in east central Illinois, Urbana-Champaign is home of Illinois’ original land-grant university.

COLLEGE OF MEDICINE
The University of Illinois College of Medicine at Urbana-Champaign has served the area for over 40 years. Urbana offers a traditional four-year medical education and the Medical Scholars dual-degree program. The Urbana Regional Campus has strong clinical partnerships with Carle Foundation Hospital, Christie Clinic, OSF Heart of Mary Medical Center, and the VA Illiana Health Care System.

COLLEGE OF NURSING
The Urbana Regional Campus of the UIC College of Nursing offers programs leading to the BSN, MSN, DNP, and supportive courses for the Ph.D. The campus has strong clinical partnerships with the Carle Foundation Hospital, Presence-Covenant Medical Center, the Danville VA Medical center and numerous other respected health care agencies in the community and surrounding areas.
02. THE CLERY ACT
THE ACT

In 1990, Congress enacted the Crime Awareness and Campus Security Act of 1990 (Title II of Public Law 101-542), which amended the Higher Education Act of 1965 (HEA). This act required all post-secondary institutions participating in HEA’s Title IV student financial assistance programs to disclose campus crime statistics and security information. The act was amended in 1992, 1998, 2000, 2008, and 2013. The 1998 amendments renamed the law the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act in memory of a student who was slain in her dorm room in 1986. It is generally referred to as the Clery Act and is in section 485(f) of the HEA.

On March 7, 2013, the Violence Against Women Reauthorization Act of 2013 (VAWA) (Public Law 113-14) was signed into law. VAWA includes amendments to the Clery Act. These changes require institutions to disclose statistics, policies, and programs related to dating violence, domestic violence, sexual assault, and stalking, among other changes. Although the HEA is the law that governs the administration of all federal higher education programs, as used in this report, HEA refers only to the Clery Act and other safety- and security-related requirements applicable to institutions under the HEA.

THE ANNUAL REPORT

Crime statistics include certain categories of crimes and disciplinary referrals required to be disclosed by the Clery Act. Reportable crimes are those within each category that occurred: on On-Campus Property (including all on-campus housing facilities); in certain Non-Campus Buildings or Property owned or controlled by UIC; and on Public Property within or immediately adjacent to and accessible from the campus.

The ASFSR is released by October 1st of each year, in compliance with the Clery Act.

NOTIFICATION OF AVAILABILITY

By October 1st of each year, all UIC faculty, staff, and students receive an official campus e-mail notification regarding the content and availability of the ASFSR. The e-mail provides information regarding how to access the report as well as a direct link to the report.

ELECTRONIC NOTICE

The ASFSR is distributed via e-mail to all employees and students.

POSTED NOTIFICATION

The ASFSR is also posted in the following locations:

- UIC HR Welcome Center (for current and prospective employees)
- A link to the report is provided on the Human Resources website (www.hr.uic.edu) and the UIC and University of Illinois Hospital & Health Sciences System Human Resources employment website (jobs.uic.edu).
- Prospective employees may also obtain a copy of this report from the UIC HR Welcome Center, located at the Human Resources Building, 715 South Wood Street, Room 109, Chicago, IL 60612 or by calling (312) 996-0840.
- UIC Office of Admissions (for prospective students)
- A link to the report is provided on the:
  - UIC Admissions Application website (admissions.uic.edu/apply-now)
  - UIC Admissions Undergraduate website (admissions.uic.edu/undergraduate)
  - UIC Admissions Graduate & Professional programs website (admissions.uic.edu/graduate-professional/apply)
- It is also provided to prospective students via an auto-response e-mail that is generated when an application is submitted electronically (undergraduate and graduate school submissions).

The notice of availability of the 2017-2018 ASFSR also provides written notification to employees and students about existing counseling, medical and mental health services, victim advocacy, legal assistance, visa and immigration assistance, and other services provided by UIC as well as those available within the local community. This comprehensive list of resources and services is available on the UIC Student Sexual Misconduct website at: sexualmisconduct.uic.edu/support/victims_survivors.

SEPARATE CAMPUSSES

UIC is a distributed university, with campuses and locations strategically placed to serve the needs of the region and the State of Illinois. Each regional campus is known for its distinctive health science focus, which plays a critical role in the economy of its area. For Clery Act reporting purposes, UIC encompasses 7 campuses:

1. UIC – Chicago Campus East
2. UIC – Chicago Campus West
3. UIC Peoria Regional Campus
4. UIC Quad Cities Regional Campus
5. UIC Rockford Regional Campus
6. UIC Springfield Regional Campus
7. UIC Urbana-Champaign Regional Campus
CLERY GEOGRAPHIC CATEGORIES

Under the Clery Act, UIC must distribute statistics in the annual report and disclose statistics to the Department of Education (ED) for crimes that occur in the following locations, or geographic categories:

On-Campus Property: (1) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of or in a manner related to the institution’s educational purposes, including residence halls; and (2) any building or property that is within or reasonably contiguous to the area identified in part (1) of this definition that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes. Examples of On-Campus Property include the Behavioral Sciences Building, Student Centers East and West, School of Public Health & Psychiatric Institute, UIC Forum, Halsted St. Parking Structure, Thomas Beckham Hall, Les Miller Field – Curtis Granderson Stadium, Rockford College of Medicine East Building, and College of Medicine at Peoria.

Core-Campus: The same reasonably contiguous area of buildings or property owned or controlled by the University that the campus and its students consider to be, and treat as, an integral part of the main campus; that are directly supported, or related to the campus’ educational purposes; and that are covered by the same security and safety policies.

On-Campus Student Housing Facility: Any student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus is considered an on-campus student housing facility.

Noncampus Building or Property: (1) Any building or property owned or controlled by a student organization that is officially recognized by the institution; or (2) any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution. Examples of a Noncampus Building or Property include Pharmacognosy Field Station, and South Shore-Mile Square Health Center.

Public Property: All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus or immediately adjacent to and accessible from the campus.

The UIC crime statistics do not include crimes that occur in privately owned homes or businesses within or adjacent to the campus boundaries.

\(^{1}\)Controlled by means that UIC or a UIC-associated entity, directly or indirectly, rents, leases or has some other type of written agreement (including an informal one, such as a letter or an e-mail) for a building or property, or a portion of a building or property. Even if there is no payment involved in the transaction, for Clery Act purposes, a written agreement for use of space gives an institution control of that space for the time period specified in the agreement.
PROMPT REPORTING OF A CRIME, CRIMINAL BEHAVIOR, OR EMERGENCY
PROMPT REPORTING OF A CRIME, CRIMINAL BEHAVIOR, OR EMERGENCY

UIC community members -- students, employees, and visitors -- are encouraged to accurately and promptly report all crimes and public safety-related incidents to the UIC Police Department (UICPD) or to their local law enforcement agency. Reports submitted to the UICPD or local law enforcement agencies will be included in the annual disclosure of crime statistics and assessed for issuance of a Timely Warning Notice when deemed necessary. Witnesses and others are also encouraged to accurately and promptly report crimes and emergencies to the UICPD or to local law enforcement when the victim of a crime elects to or is unable to make such a report.

Incidents of sexual misconduct will be forwarded to the UIC Title IX Coordinator for investigation. The Title IX investigator will make a recommendation, based upon a preponderance-of-evidence standard, regarding whether a violation of UIC’s Sexual Misconduct Policy occurred. The investigation will then be forwarded to the Dean of Students for student respondents or the appropriate supervisory authority for employee respondents, for adjudication and sanctions, if appropriate. If assistance is required from the local police or fire departments, the UICPD will contact that agency.

UIC PEORIA REGIONAL CAMPUS
RESPONSE TO A REPORTED CRIME, CRIMINAL BEHAVIOR, OR EMERGENCY
Securitas Security guards at the UIC Peoria Regional Campus are an outside contractor hired by UIC. They are not sworn peace officers. In response to a call of a reported crime, criminal behavior, or emergency, the Peoria Police Department (PPD) will take the required action, either dispatching an officer or asking the victim to present to the Peoria Police Department to file an incident report. Securitas guards are authorized, when necessary, to make a citizen's arrest. Such arrests are made only in the presence of a Peoria police officer. Securitas Security works closely with the PPD, Peoria County Sheriff’s Department, and state and federal law enforcement agencies to track and respond to campus criminal activity. In cases of reported sexual misconduct (including, but not limited to, rape, fondling, incest, statutory rape, dating violence, domestic violence, and stalking), responding staff, including the PPD, will offer the victim a variety of support services.

Incidents of sexual misconduct will be forwarded to the UIC Title IX Coordinator for investigation. The Title IX investigator will make a recommendation, based upon a preponderance-of-evidence standard, regarding whether a violation of UIC’s Sexual Misconduct Policy occurred. The investigation will then be forwarded to the Dean of Students for student respondents or the appropriate supervisory authority for employee respondents for adjudication and sanctions, if appropriate.

UIC QUAD CITIES REGIONAL CAMPUS
RESPONSE TO A REPORTED CRIME, CRIMINAL BEHAVIOR, OR EMERGENCY
Campus Security staff at the UIC Quad Cities Regional Campus are employees of John Deere. They are not sworn peace officers. In response to a call of a reported crime, criminal behavior, or an emergency, the Moline Police Department or Rock Island Police Department will take the required action, either dispatching an officer or asking the victim to present to the Moline Police Department (MPD) or the Rock Island Police Department (RIPD) to file an incident report. The security staff are authorized, when necessary, to make a citizen’s arrest. Such arrests are made only in the presence of a Moline or Rock Island police officer. The Campus Security Office works closely with the Moline Police Department, Rock Island Police Department, Rock Island Sheriff’s Department, and state and federal law enforcement agencies to track and respond to campus criminal activity. In cases of reported sexual misconduct (including, but not limited to, rape, fondling, incest, statutory rape, dating violence, domestic violence, and stalking), responding staff, including MPD or RIPD, will offer the victim a variety of support services.

Incidents of sexual misconduct will be forwarded to the UIC Title IX Coordinator for investigation. The Title IX investigator will make a recommendation, based upon a preponderance-of-evidence standard, regarding whether a violation of UIC’s Sexual Misconduct Policy occurred. The investigation will then be forwarded to the Dean of Students for student respondents or the appropriate supervisory authority for employee respondents for adjudication and sanctions, if appropriate.
RESPONSE TO A REPORTED CRIME, CRIMINAL BEHAVIOR, OR EMERGENCY

The UIC Rockford Regional campus does not have its own police force. The Rockford Police Department (RPD) provides periodic patrols at the campus. In response to a call of a reported crime, criminal behavior, or an emergency, the RPD will take the required action, either dispatching an officer or asking the victim to present to the RPD to file an incident report. Police reports will be generated for all criminal activity on campus. Follow-up investigations of reported criminal activity are conducted on a case-by-case basis. In cases of reported sexual misconduct (including, but not limited to, rape, fondling, incest, statutory rape, dating violence, domestic violence, and stalking), responding staff, including RPD, will offer the victim a variety of support services.

UIC SPRINGFIELD REGIONAL CAMPUS

RESPONSE TO A REPORTED CRIME, CRIMINAL BEHAVIOR, OR EMERGENCY
In response to a call of a reported crime, criminal behavior, or an emergency, the University of Illinois at Springfield Police Department (UISPD) will respond in a timely manner. The response may include dispatching an officer or asking the victim to report to the Public Safety Building to file an incident report. UIS Police may conduct preliminary investigations and prepare reports on crimes and offenses that occur on UIS-owned land, in UIS-owned buildings, or on UIS roads and parking areas. All Springfield campus incident reports are reviewed and, when appropriate, assigned to an officer for follow-up investigation and/or forwarded to the State’s Attorney’s Office for prosecution. If assistance is required from the local police or fire departments, UISPD will contact the appropriate department. At the request of law enforcement agencies, UISPD also work on crimes committed in the jurisdiction of those agencies. Police reports involving UIS students or employees on the UIS campus may be shared with the appropriate university administrator for review and referral for potential action. In cases of reported sexual misconduct (including, but not limited to, rape, fondling, incest, statutory rape, dating violence, domestic violence, and stalking), responding staff, including the UISPD, will offer the victim a variety of support services.

Incidents of sexual misconduct involving UIS students on the UIS campus will be forwarded to the UIS Title IX Coordinator for investigation. The Title IX Investigator will make a recommendation, based upon a preponderance-of-evidence standard, regarding whether a violation of UIS’s Sexual Misconduct Policy occurred. The investigation will then be forwarded to the Dean of Students for student respondents or the appropriate supervisory authority for employee respondents for adjudication and sanctions, if appropriate. VOLUNTARY, CONFIDENTIAL REPORTING

VOLUNTARY REPORTING

UIC encourages crime victims and witnesses to immediately report the incident by calling 911. Police reports in the State of Illinois are public records, and the UICPD cannot hold reports of crime in confidence. Reports made to the UICPD and those requested from other law enforcement agencies with jurisdiction over UIC geography are counted and disclosed in UIC’s annual crime statistics. Identifying information included in incident reports is not disclosed in UIC’s annual reporting of crime statistics; the identity of the reporting individual may only be shared with the required offices (i.e. incidents of sexual misconduct to the Title IX Coordinator, and student conduct violations to the Dean of Students).

When incidents involve allegations of sexual misconduct, incident reports are made available to the UIC Title IX Coordinator in the Office for Access and Equity. UIC will protect the identity of persons who report having been victims of sexual assault (including but not limited to rape, fondling, incest, and statutory rape, domestic violence, dating violence, or stalking) to the fullest extent possible or required by law. In order to make informed choices, individuals reporting any offense should be aware of a campus security authority and responsible employees’ mandatory reporting obligations.

REPORTING TO CAMPUS SECURITY AUTHORITIES (CSAS) AND RESPONSIBLE EMPLOYEES

CSAs are the UICPD, individuals who have responsibility for campus security but who do not work for the UICPD, individuals or organizations who UIC specifies for students and employees to report criminal offenses to (e.g., Title IX Coordinator and Dean of Students), and UIC officials who have significant responsibility for student and campus activities, including, but not limited to, officials in student housing, student discipline, and campus judicial proceedings. An official is defined as any person who has the authority and duty to take action or respond to particular issues on behalf of UIC. All CSAs are required to complete training, and are mandated to report incident details to campus authorities for the reporting of annual crime statistics.

Responsible employees are employees: (1) who have the authority to take action to address complaints of sexual violence; (2) who have been given the duty of reporting incidents of sexual violence or any other misconduct by students to the Title IX Coordinator or other appropriate university officials; or (3) who a student could reasonably believe has this authority or duty. All employees are considered to be “Responsible Employees” with the authority and responsibility to report sexual misconduct to University Officials. Employees who are exempted from this reporting requirement are professional or pastoral counselors who provide work-related mental-health counseling, campus advocates who provide confidential victim assistance, and employees who are otherwise prohibited by law from disclosing information received in the course of providing professional care and treatment. Responsible employees must report the identities of persons being
CONFIDENTIAL REPORTING AT UIC

If you are the victim of a crime and do not want to pursue action within UIC or the criminal justice system, you may want to consider making a confidential report. Information disclosed as part of a confidential report will be maintained in a confidential manner to the extent allowable by law and will not be disclosed without your consent to anyone outside the office to which it is reported. Consent may not be required, however, in situations involving suspected child or adult abuse or neglect, court orders or subpoenas, or danger to self or others.

Some on-campus resources offer confidentiality, sharing options and advice without having an obligation to report to anyone, unless the complainant wants them to report. This privilege is limited to Student Legal Services, victim advocates in the CAN, and counselors in the UIC Counseling Center. Persons making confidential reports to these organizations may authorize the disclosure of certain non-identifying information about the incident to university authorities for inclusion in the annual crime reporting statistics.

UIC COUNSELORS AND CONFIDENTIALITY

Campus “Pastoral Counselors” and Campus “Professional Counselors,” when acting as such are not considered to be CSAs or responsible employees and are not required to report crimes for inclusion in the annual disclosure of crime statistics. However, UIC encourages counselors, when they deem it appropriate, to inform the persons they are counseling of procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

COUNSELORS DEFINED

Pastoral Counselor: A person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor. UIC has no pastoral counselors.

Professional Counselor: A person whose official responsibilities include providing mental health counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification. The counselors in the Counseling Center are professional counselors who are not required to report crimes for inclusion in the annual disclosure of crime statistics when functioning within the scope of their professional license or certification.

STUDENT LEGAL SERVICES (SLS)

Full-service law office dedicated to providing free legal solutions for currently enrolled students. SLS offers advice and representation on issues of:

• Landlord-Tenant Matters
• Expungement of Records
• Family Law
• Some Criminal Matters
• Traffic Issues
• Orders of Protection
• Employment Agreements

If you have a legal concern, make an appointment to come speak with SLS confidentially.

CAMPUS ADVOCACY NETWORK (CAN)

Fully trained advocates dedicated to providing confidential, anonymous, free services to UIC students and employees who have experienced sexual assault, domestic/dating violence, stalking, hate crimes, and other forms of interpersonal violence.

Advocates help victims navigate systems they need to access on campus, including university administrative systems such as Title IX Investigations and student conduct hearings, and off campus, including the criminal court system and the civil court system for obtaining Orders of Protection and No Contact Orders.

THE COUNSELING CENTER

Licensed psychologists, psychiatrists, clinical therapists, and post-doctoral clinicians offer support services including counseling/ therapy as well as psychiatric consultations. Therapy visits are confidential - visits are not included on your academic nor medical records.

If you are a faculty, staff, parent, partner, or student who is concerned about a distressed student, the Counseling Center also provides consultation to assist in determining how you might best help.

LAW ENFORCEMENT

THE UNIVERSITY OF ILLINOIS AT CHICAGO POLICE DEPARTMENT (UICPD)

MISSION STATEMENT

The UICPD, in full partnership with the University and its surrounding communities, is committed to the safety and security of the campuses and their neighborhoods, so as to create the most enriching academic environment and quality of life for all UIC’s students, faculty, staff, and visitors.

VISION STATEMENT

We will strive to empower and develop our sworn officers and civilian support personnel to achieve excellence through respect, service, preparedness, engagement, communication, and trust. Our commitment to transparency, community policing, collaboration, innovative practices, and on-going training will ensure the highest professional standard of public safety service. Our goal is to foster safety and security and create an environment for continuous growth and intellectual advancement for all.

UIC POLICE AUTHORITY

The UIC Police are University police. Under Illinois law (110 ILCS 305/7), University police officers are peace officers and as such have all powers possessed by police in cities and by sheriffs, including the power to make arrests on view or warrants of violations of state statutes and city or county ordinances, except that they may exercise such powers only in counties wherein UIC and any of its branches or properties are located when such is required for the protection of University properties and interests, and its students and personnel, and otherwise, within such counties, when requested by appropriate state or local law enforcement officials; provided, however, that such officers shall have no power to serve and execute civil processes. The primary areas of responsibility for the department are the UIC – Chicago Campus East and the UIC – Chicago Campus West. The department works closely with the Chicago Police Department (12th Dist.), Cook County Community Justice Center, Illinois Medical District, and other local law enforcement/ security agencies in the apprehension and prosecution of offenders. Officers also testify at student conduct hearings as required.

LAW ENFORCEMENT AGREEMENTS

UIC – CHICAGO CAMPUS EAST & CHICAGO CAMPUS WEST

Detective/Investigator Training Program Agreement (cooperative agreement) The UICPD has entered into a Detective/Investigator Training Program Agreement (cooperative agreement) with the Chicago Police Department vis-à-vis a training program and the exchange of information regarding potential or actual criminal activity, including active investigations of reported crimes, and the cross training of law-enforcement personnel. Memorandum of Understanding between the Department of Veterans Affairs and UICPD The UICPD has entered into a Memorandum of Understanding with the Department of Veterans Affairs outlining agency responsibilities and expectations for civil intervention or assistance that may require UICPD’s assistance.

Law Enforcement Mutual Aid Agreement The UICPD has entered into a Law Enforcement Mutual Aid Agreement, made in recognition of the fact that natural or man-made occurrences may result in emergencies that exceed the resources, equipment and/or law enforcement personnel of the UICPD. Each participating law enforcement agency has expressed its intent to aid and assist the other participating law enforcement agencies during an emergency by enabling other law enforcement agencies to provide additional resources, equipment and/or law enforcement personnel as needed.

PEORIA REGIONAL CAMPUS, THE QUAD CITIES REGIONAL CAMPUS, ROCKFORD REGIONAL CAMPUS, SPRINGFIELD REGIONAL CAMPUS, AND URBANA-CHAMPAIGN REGIONAL CAMPUS

The UICPD does not have a Memorandum of Understanding with the Rockford Police Department, Peoria Police Department, Rock Island Police Department, Moline Police Department, Springfield Police Department, Urbana Police Department or Champaign Police Department regarding the investigation of alleged criminal incidents.

LAW ENFORCEMENT AT UIC’S REGIONAL CAMPUSES

UIC PEORIA REGIONAL CAMPUS

The UIC Peoria Regional Campus does not have its own police force. Peoria Police Department is presently using an outside contractor (Securitas Security) to provide a full-time guard on duty (24/7) at the front security desk. Security guards are not certified or sworn peace officers, so they have no law enforcement authority. Accordingly, the Peoria Police Department will take any required action in response to a call of a reported crime, criminal behavior, or an emergency, either by dispatching an officer or asking the victim to report to the Moline or Rock Island Police Department to file an incident report. Police reports will be generated for all criminal activity on campus. Follow-up investigations of reported criminal activity are conducted on a case-by-case basis.

UIC SPRINGFIELD REGIONAL CAMPUS

Like the UICPD, members of the University of Illinois at Springfield Police Department (UISPD) are University police officers. Under Illinois law (110 ILCS 305/7), University police officers are peace officers and as such have all powers possessed by police in cities and by sheriffs, including the power to make arrests on view or warrants of violations of state statutes and city or county ordinances, except that they may exercise such powers only in counties wherein the University and any of its branches or properties are located when such is required for the protection of University properties and interests, and its students and personnel, and otherwise, within such counties, when requested by appropriate state or local law enforcement officials; provided, however, that such officers shall have no power to serve and execute civil processes. The UISPD maintains a close working relationship with the Springfield Police Department, Sangamon County Sheriff’s Office and Illinois State Police. Verbal agreements have been established, and formal MOUs are in place (i.e., City of Springfield and Sangamon County Sheriff’s Office) to provide each other routine and emergency police support personnel to achieve excellence through respect, service, preparedness, engagement, communication, and trust. Our commitment to transparency, community policing, collaboration, innovative practices, and on-going training will ensure the highest professional standard of public safety service. Our goal is to foster safety and security and create an environment for continuous growth and intellectual advancement for all.

UICPD RESPONSIBILITIES

1. Enforcement of laws and ordinances
2. Investigation of crimes, traffic accidents, and other disorders
3. Maintenance of records, identification, and communications within the department
4. Regulation and control of traffic
5. Protection of UIC buildings and ground

Law Enforcement Mutual Aid Agreement The UICPD has entered into a Law Enforcement Mutual Aid Agreement, made in recognition of the fact that natural or man-made occurrences may result in emergencies that exceed the resources, equipment and/or law enforcement personnel of the UICPD. Each participating law enforcement agency has expressed its intent to aid and assist the other participating law enforcement agencies during an emergency by enabling other law enforcement agencies to provide additional resources, equipment and/or law enforcement personnel as needed.

PEORIA REGIONAL CAMPUS, THE QUAD CITIES REGIONAL CAMPUS, ROCKFORD REGIONAL CAMPUS, SPRINGFIELD REGIONAL CAMPUS, AND URBANA-CHAMPAIGN REGIONAL CAMPUS The UICPD does not have a Memorandum of Understanding with the Rockford Police Department, Peoria Police Department, Rock Island Police Department, Moline Police Department, Springfield Police Department, Urbana Police Department or Champaign Police Department regarding the investigation of alleged criminal incidents.

LAW ENFORCEMENT AT UIC’S REGIONAL CAMPUSES

UIC PEORIA REGIONAL CAMPUS The UIC Peoria Regional Campus does not have its own police force. Peoria Police Department is presently using an outside contractor (Securitas Security) to provide a full-time guard on duty (24/7) at the front security desk. UIC SPRINGFIELD REGIONAL CAMPUS Like the UICPD, members of the University of Illinois at Springfield Police Department (UISPD) are University police officers. Under Illinois law (110 ILCS 305/7), University police officers are peace officers and as such have all powers possessed by police in cities and by sheriffs, including the power to make arrests on view or warrants of violations of state statutes and city or county ordinances, except that they may exercise such powers only in counties wherein the University and any of its branches or properties are located when such is required for the protection of University properties and interests, and its students and personnel, and otherwise, within such counties, when requested by appropriate state or local law enforcement officials; provided, however, that such officers shall have no power to serve and execute civil processes. The UISPD maintains a close working relationship with the Springfield Police Department, Sangamon County Sheriff’s Office and Illinois State Police. Verbal agreements have been established, and formal MOUs are in place (i.e., City of Springfield and Sangamon County Sheriff’s Office) to provide each other routine and emergency police
services, including, if requested, assistance with criminal investigations. Each department augments the other within their jurisdictions during mutual investigations, arrests, and prosecutions. These agencies routinely exchange crime-related reports and statistics and conduct cooperative patrols, event security, investigations, and special unit operations.

**UIC URBANA-CHAMPAIGN REGIONAL CAMPUS**
Like the UICPD, members of the University of Illinois at Urbana-Champaign Police Department (UIUCPD) are University police officers. Under Illinois law (110 ILCS 305/7), University police officers are peace officers and as such have all powers possessed by police in cities and by sheriffs, including the power to make arrests on view or warrants of violations of state statutes and city or county ordinances, except that they may exercise such powers only in counties wherein the University and any of its branches or properties are located when such is required for the protection of University properties and interests, and its students and personnel, and otherwise, within such counties, when requested by appropriate state or local law enforcement officials. The UIUCPD maintains mutual aid agreements with other local law enforcement agencies, and its 65 officers are trained just as all other public law enforcement officers in the state of Illinois are trained.

In 2017, the UIUCPD was recertified as an Illinois Law Enforcement Accreditation Program (ILEAP) accredited agency. Accreditation is the ongoing process whereby an agency evaluates policy and procedure against established criteria and has compliance with that criteria verified by an independent and objective body. This accreditation provides a promise to the community that UIUCPD meets certain law enforcement standards to serve them well. UIUCPD was successful in obtaining a Level Tier II status. In 2012, UIUCPD became the first ILEAP-accredited campus police department.

UIUCPD police officers work with the Champaign Police Department, Urbana Police Department, Champaign County Sheriff’s Office, state and federal law enforcement and all appropriate agencies of the criminal justice system. These agencies routinely exchange crime-related reports and statistics and conduct cooperative patrols, special events, investigations, and special unit operations.

**MONITORING AND RECORDING OFF-CAMPUS CRIME AT OFFICIALLY RECOGNIZED STUDENT ORGANIZATIONS**

**UIC – CHICAGO CAMPUS EAST & CHICAGO CAMPUS WEST**
The Office of the Vice Chancellor for Student Affairs: Center for Student Involvement along with Campus Programs, maintain close contact with the law enforcement agencies to monitor criminal activity involving students and student organizations. Administrative reports from the UIUCPD and Chicago Police Department are recorded in memorandum format and copies of these memoranda are, if needed, forwarded to appropriate units for further action.

The University may pursue disciplinary action for off-campus violations of University rules in those instances in which it is substantially affected, whether or not the activity was criminal in nature. Reports of violations by students may be referred to the Dean of Students.

**UIC PEORIA, THE QUAD CITIES, ROCKFORD, SPRINGFIELD, AND URBANA-CHAMPAIGN REGIONAL CAMPUSES**
Administrative offices, Rockford, Springfield, and Urbana-Champaign Regional Campuses do not have any officially recognized UIC student organizations with noncampus properties or housing facilities off campus.

**BUILDING ACCESS AND SECURITY**

**UIC – CHICAGO CAMPUS EAST & CHICAGO CAMPUS WEST**
During normal business hours, the administrative and academic facilities at UIC are open and accessible to students, employees, and visitors of the University. After normal business hours and during breaks, these facilities are locked and only accessible to authorized individuals. Members of the Police officers conduct routine security and safety patrols of the academic and administrative building grounds to monitor conditions and report any unusual circumstances.

**UIC ROCKFORD REGIONAL CAMPUS**
The UIC Rockford Regional Campus site uses contract guard services for a portion of non-business hours. The guard service provides on-site observation services to protect and monitor buildings and equipment from potential damage and acts as a deterrent to unsafe conditions for building occupants. During normal business hours, the guard service provides on-site observation services to protect and monitor buildings and equipment from potential damage and acts as a deterrent to unsafe conditions for building occupant. When the guard service is not present during non-business hours, access to the building is limited only to those individuals who have been issued an access card for the main entrance door. This door is connected to a computer-controlled door access system which grants entry into the building and logs all users who attempt to enter the building. The UIC Rockford Regional Campus Parkview site (excluding the Activity Center) has a fire alarm system, providing continued security, that is connected directly to the Rockford Fire Department Central Station. If a fire alarm is sounded, all fire doors within the building are electronically locked and the Rockford Fire Department dispatches equipment and personnel.

All students and employees have been issued a UIC I.D. (I-card) for identification that is to be worn at all times while in the UIC building. All students and employees who enter the Parking site during non-business hours are required to sign in and out at the reception desk located in the building addition lobby located on the east side of the building.

**UIC SPRINGFIELD REGIONAL CAMPUS**
Most Springfield campus facilities are accessible to members of the campus community, guests, and visitors during normal hours of business Monday through Friday, and for limited designated hours on Saturday, Sunday, and holidays. Facilities are maintained and their security monitored in the interest of the campus. Many cultural and athletic events are held in Springfield campus facilities, such as the Student Union, the Recreation and Athletics Center (TRAC), Brookens Auditorium, the Great Room in Lincoln Residence Hall, and Sangamon Auditorium. These venues are open to the public, some with purchased tickets and others without charge. Other facilities such as the UIS Bookstore, Brookens Library, and the Visual Arts Gallery are also open to the public.

Access to academic and administrative facilities are generally limited to the students, employees, and visitors for the purpose of studying, working, teaching, and conducting other UIC Regional Campus business. However, the academic buildings are open and accessible during class time and often into the evening hours for classes and meetings and as such, visitors can gain access during those hours. UISPD provides random patrols of the Springfield Campus non-residential facilities as time permits.

Both University of Illinois at Springfield residence halls have monitored, card-access-restricted admission, 24-hours a day, and also allow key access at the individual room level, while apartments and townhouses allow key access to only residents of that particular unit. UIC does not own or control any residence halls on the UIC Springfield Regional Campus.

**UIC URBANA-CHAMPAIGN REGIONAL CAMPUS**
Most campus buildings and facilities are accessible to members of the campus community and visitors during normal hours of business Monday through Friday, and for limited designated hours on Saturday, Sunday, and holidays. Facilities are maintained and their security monitored, in the interest of the campus. Many cultural and athletic events held in university facilities, such as the State Farm Center and the Krannert Center for the Performing Arts, are open to the public with the purchase of
tickets. Other facilities such as the Illini Union Bookstore, libraries, and cafeterias are also open to the public.

Access to academic and administrative facilities on campus generally is limited to students, employees, and visitors for the purpose of studying, working, teaching, and conducting other university business. However, the academic buildings are open and accessible during normal business hours and often into the evening hours for classes and meetings, and visitors can gain access during those hours. Each academic building has established its hours based on the needs of specific academic departments. UIUCPD provides random patrols of the non-residential facilities as time permits. All residential areas and exterior doors of university residence halls are locked 24-hours a day. UIC does not own or control any residence halls on the UIC Urbana-Champaign Regional Campus.

In 2018, there were 1,778 cameras on the security camera system. The majority of these cameras were funded by departments and units across campus. All of these cameras can be reviewed at the Division of Public Safety and remotely from mobile devices. The Division of Public Safety and Technology Services has completed a proposal to expand camera coverage into the greater Campustown area, especially focusing on areas such as the Green Street corridor and Sixth Street between Daniel Street and Green Street. This proposal includes maintenance and replacement costs that can stand as a standard across campus. The university is currently working with the cities of Urbana and Champaign in order to make this proposal a reality, both through policy and cost sharing. A second phase will aim to expand camera coverage to parking lots and parking structures.

MAINTENANCE OF UIC FACILITIES

UIC maintains all its campus facilities in a manner that minimizes hazardous and unsafe conditions. Parking lots and pathways are illuminated with lighting. The UICPD, UISPD, UIUCPD, and regional campus directors work closely with Facilities Management or appropriate building management to address burned out lights promptly, as well as malfunctioning door locks, landscaping or other physical conditions that enhance security. Other members of the UIC community are helpful when they report equipment or potential security problems to the UICPD, UISPD, UIUCPD, regional campus directors or to Facilities Management and Services.
ANNUAL DISCLOSURE OF CRIME STATISTICS

The information below provides context for the crime statistics reported as part of compliance with the Clery Act. The statistics in this report are published in accordance with the standards and guidelines in The Handbook for Campus Safety and Security Reporting, 2016 Edition, provided by the U.S. Department of Education.

The report includes statistics for the previous three years concerning crimes that occurred on On-Campus Property and were reported to UICPD or designated campus officials. Additionally, these statistics include the number of people arrested or referred for campus disciplinary action for categories required under the Clery Act, including liquor law, drug abuse, and weapons law violations; as well as Violence Against Women Act (VAWA) Offenses, including Domestic Violence, Dating Violence, and Stalking. Statistical information for certain Non-Campus Buildings or Property, as well as Public Property within or immediately adjacent to and accessible from a campus, is also reported. The Office for the Vice Chancellor for Administrative Services submits the annual crime statistics published in this report to the U.S. Department of Education (ED).

The statistical information gathered by ED is available to the public through the ED website (surveys.ope.ed.gov/campussafety).

AVAILABILITY OF DAILY CRIME LOG

UIC – CHICAGO CAMPUS EAST & CHICAGO CAMPUS WEST

UIC ROCKFORD REGIONAL CAMPUS
A daily crime log is available for public review at the University of Illinois College of Medicine Rockford: Physical Plant Office, 1501 Parkview Avenue, Room S122, Rockford, IL 61107.

UIC SPRINGFIELD REGIONAL CAMPUS
A daily crime log is available for public review at the UISPD, 2285 Eliza Farnham Drive, Springfield, IL 62703.

UIC URBANA-CHAMPAIGN REGIONAL CAMPUS
A daily crime log is available for public review at the UIUC Public Safety Building, 1110 West Springfield Avenue, Urbana, IL 61801.

CRIME STATISTICS

Throughout the year, the UICPD Crime Statistics Unit collects and records Clery crimes occurring on On-Campus Property, in Non-Campus Buildings and Property, and on Public Property. These crimes are reported to UICPD by the public, regional campuses, CSAs, the UIC Title IX Coordinator, the Office of the Dean of Students and the Office of the Vice Chancellor for Student Affairs. The UICPD sends written requests for statistical information on an annual basis to law enforcement agencies providing services to UIC facilities within their jurisdictions:

1. Champaign Police Department
2. City of Chicago Police Department
3. Moline Police Department
4. Peoria Police Department
5. Rock Island Police Department
6. Rockford Police Department
7. Springfield Police Department
8. Urbana Police Department

The UICPD also sends annual requests for statistical information to law enforcement agencies that have jurisdiction over other Non-Campus buildings or properties to which UIC students travel overnight or frequently use in coordination with educational or student organization activities. Crime statistics reported by any of these sources are recorded in the calendar year the crime was reported.

Note: Statistics for on-campus residential facilities (campus housing) are recorded and included in both the all On-Campus Property category and the On-Campus Student Housing Facilities category.

When criminal activity occurs outside of the jurisdiction of the UICPD, a local law enforcement agency follows its own procedures to create a police report for each incident. This agency will then, upon the request of UICPD, submit its statistics. When this data is received, it is reviewed, particularly to ensure that there are no duplications in reporting efforts between UICPD and outside reporting agencies. Although every effort is made to avoid duplication of reports received from outside police agencies, CSAs, and other reporting entities, an individual incident may be reported to UICPD, and thus counted as a statistic, more than once.

The data reported herein for certain offenses may be revised, as needed, in later reports to comply with future regulations issued by ED.

The university will issue a Timely Warning Notice (TWN) to the entire university community when a crime occurs on or near campus that represents a serious, ongoing or imminent threat to the welfare, health, and safety of the university community. Timely warning notices will be issued via an all-campus email headed “[URGENT] Public Safety Advisory,” and may also be reported by the news media. In addition to UIC TWNs, UIC students at the Springfield and Urbana-Champaign regional campuses are automatically enrolled to receive University of Illinois at Springfield or University of Illinois at Urbana-Champaign TWNs via mass email headed “Campus Safety Notice.”

Timely Warnings are issued for certain crimes specified under the Clery Act that are reported to Campus Security Authorities (CSAs) and that occur within the Clery-defined geography. Whether the campus issues a TWN will be assessed on a case-by-case basis in light of all the facts surrounding a crime, including factors such as the following: the nature of the crime, the ongoing or imminent danger to the campus community, and/or the possible risk of compromising law enforcement efforts. A Timely Warning is usually distributed for the following crimes: major incidents of arson, aggravated assault, murder/non-negligent manslaughter (or any suspicious death) robbery, and sex offenses, whether committed by a stranger or non-stranger, as well as other Clery-reportable crimes, as appropriate (burglary, motor vehicle theft). Crimes that would otherwise be reportable, but are reported to a licensed mental health counselor or pastoral counselor — in the context of a privileged (confidential) communication — are not subject to the TWN requirements.

Cases of aggravated assault and sex offenses are considered on a case-by-case basis, depending on the facts of the case, including when and where the incident occurred, when it was reported, and the information available.

The university will ensure the following information is included in a Timely Warning, when such information is available: a description of the reported incident; relevant steps individuals can take to prevent similar occurrences; and a description of offenders, accomplices, vehicles, and any weapons used in the crime without jeopardizing the confidentiality of the victim(s) or compromising law enforcement efforts. The race of the offender is only regarded as relevant, useful information if the available description includes more than race and gender.

The following table identifies the persons at each UIC campus responsible for creating and/or disseminating a TWN to their campus.

NOTIFICATION OF MISSING STUDENTS
NOTIFICATION OF MISSING STUDENTS

The UIC Missing Students Policy directs individuals who believe a UIC student is missing to immediately inform the police and specific staff in the university administration so that efforts can be coordinated to locate the student.

The appropriate points of contact are in the next column.

A student is defined as missing once the University Police or local law enforcement agency are notified and initiate a formal missing person investigation. For purposes of this policy, UIC defines a student to be any person enrolled in any class or program at UIC.

Efforts to locate the student will be coordinated through a collaboration of the university police, the housing office for the relevant campus, the UIC Office of the Dean of Students, local authorities, and friends and family members of the missing student.

When information is received by the university regarding a missing student, there will be an initial response by staff to obtain information about the missing student and share this information with the University Police, or local law enforcement agency, for investigative purposes. After investigating the missing person report, if the University Police determine that the student is missing and has been missing for more than 24 hours, they will notify the student’s “missing student contact” (discussed below) no later than 24 hours after the student is determined to be missing.

If the missing student is under 18 years of age and is not emancipated, UIC will notify a custodial parent or guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student.

The University Police will also notify the appropriate local law enforcement agencies within 24 hours of the determination that the student is missing.

REGISTERING A MISSING STUDENT CONTACT

In addition to registering an emergency contact, all students are notified bi-annually that they have the option to confidentially identify an individual to be contacted by UIC within 24 hours of the determination that the student is missing. Students wishing to identify a confidential contact can do so any time at www.apps.uillinois.edu/selfservice.

Missing student contact information is registered confidentially. This information is private and only accessible to employees who are authorized campus officials. This information will not be disclosed, except to law enforcement personnel in the furtherance of a missing student investigation.

CRIME PREVENTION AND SECURITY AWARENESS

The UIC Office of the Vice Chancellor for Administrative Services, along with the UICPD, UISPD, UIUCPD, and local law enforcement agencies at UIC’s regional campuses, take a proactive approach to prevent crimes from occurring.

The goal of crime prevention and security awareness programs is to eliminate or minimize criminal opportunities whenever possible and to encourage students and employees to be responsible for both their own safety and the safety of others.

During new student Summer Orientation, and periodically throughout the year, students and their parents are informed about the types of crimes that occur on campus and prevention resources offered by the UICPD and the UIC regional campuses.

The emergency phone alarms are kiosks (located only at UIC Chicago Campus East and Chicago Campus West, UIC Rockford Regional Campus, UIC Springfield Regional Campus, and UIC Urbana-Champaign Regional Campus) that, when activated, provide a direct voice link to the UICPD, Rockford PD, UISPD and UIUCPD, respectively, while a blue strobe light flashes. Computerized-access systems and extensive alarm systems are monitored by trained tele-communicators and police officers. The phones can be used to request help, report a crime in progress, report suspicious activities, and request an escort, or for any other type of emergency you may encounter.

Closed circuit television systems monitor high-risk and sensitive areas at the UIC Chicago Campus East and Chicago Campus West.

Engravers at UICPD mark valuables to discourage theft and assist in the recovery of stolen items for Operation Identification.

UIC – CHICAGO CAMPUS EAST AND CHICAGO CAMPUS WEST

In 2017, the UIC Chicago Campuses East and West provided 389 presentations/workshops on personal safety; security awareness; domestic violence, dating violence, sexual assault, and stalking prevention and awareness; self-defense; fire safety; emergency response; evacuation procedures; theft prevention; building security; etc.

UIC – CHICAGO CAMPUS EAST AND CHICAGO CAMPUS WEST

In 2017, the UIC Chicago Campuses East and West provided 389 presentations/workshops on personal safety; security awareness; domestic violence, dating violence, sexual assault, and stalking prevention and awareness; etc.

UIC PEORIA REGIONAL CAMPUS

In 2017, the UIC Peoria Regional Campus presented 18 presentations/workshops on personal safety; security awareness; alcohol and drug abuse awareness; domestic violence, dating violence, sexual assault, and stalking prevention and awareness; etc.

UIC SPRINGFIELD REGIONAL CAMPUS

In 2017, the UIC Springfield Regional Campus presented 3 presentations/workshops on personal safety; security awareness; domestic violence, dating violence, sexual assault, and stalking prevention and awareness; emergency response; evacuation procedures; theft prevention; building security; etc.

UIC URBANA-CHAMPAIGN REGIONAL CAMPUS

In 2017, the UIC Urbana-Champaign Regional Campus presented 2 presentations/workshops on personal safety; security awareness; domestic violence, dating violence, sexual assault, and stalking prevention and awareness; etc.

PROGRAMS AND INITIATIVES

UIC employs the following executive (organizational) and advisory (operational) committees to facilitate Clery Act/HEOA compliance and enhance UIC’s commitment to creating and maintaining a safe and secure learning environment.

CLERY COMPLIANCE EXECUTIVE COMMITTEE (REPORTS TO CHANCELLOR)

The Clery Compliance Executive Committee (CCEC) serves as the base structure for Clery Act/HEOA compliance and decision-making at UIC and its regional health science campuses in Peoria, Quad Cities, Rockford, Springfield, and Urbana-Champaign. It provides the necessary strategic oversight and assurance to oversee efforts of UIC components to adhere to regulations and requirements set forth in the Clery Act. The CCEC also facilitates coordination in expanding communication of requirements, gathering and reporting information, and supporting training to mitigate compliance risks.

CLERY COMPLIANCE ADVISORY COMMITTEE (REPORTS TO CCEC)

The Clery Compliance Advisory Committee (CCAC) provides the management and oversight to ensure compliance in the areas of Clery Act/HEOA reporting, implementing policies and procedures, updating the annual reporting list, and providing educational programs. It consists of stakeholders at a management level from various departments (administrative and academic) that provide input into comprehensive annual security and safety reporting for UIC and its regional health science campuses.

EXAMPLES OF CRIME PREVENTION AND SECURITY AWARENESS PROGRAMS AND INITIATIVES:

UIC – CHICAGO CAMPUS EAST AND CHICAGO CAMPUS WEST

Campus Violence Prevention Committee (CVPC)

The CVPC is tasked with implementing the campus Violence Prevention Plan (VPP), determining the individuals responsible for education and prevention of violence on campus, providing oversight to each of the Behavioral Threat Assessment Teams, and ensuring the integrity and coordination of the process. Additionally, it provides UIC-wide leadership and strategic direction on policy, protocol, and authority to conduct threat assessments.
Behavioral Threat Assessment Teams

The CVPC provides oversight to each of the Behavioral Threat Assessment Teams (BTATs), which consist of faculty; campus administration; student affairs; law enforcement; human resources; campus safety and security; residence life; local, county, or major municipal emergency managers; and other disciplines as necessary. These teams establish: a set of common-sense behavioral thresholds and when the staff of the university is in possession of information that an individual has crossed one of these thresholds, university personnel respond with a combination of:

- Face-to-face meetings between university professionals and individuals of concern.
- Face-to-face fact-finding meetings with the individual(s) who initiated the report and/or witnesses.
- Internal consultations among university professionals to assess and address the incident/situation.
- Ad hoc meetings among university professionals to assess and address the incident/situation.
- Policies and protocols designed to address the incident/situation.
- Monitoring and oversight of the university’s response by the appropriate BTAT.

This process of progressive community engagement is supported by the BTATs, which meet monthly or as needed. The BTATs are formally titled as the BTAT for Students (BTAT-S) and the BTAT for Employees (BTAT-E). All areas of the campus community are required to cooperate with requests from the BTATs relative to successfully monitoring any threatening behavior.

Community Relations Program

The Community Relations Program includes workshops and dissemination of crime prevention information on topics such as the responsibilities of the UICPD, the UIC Red Car service, information on sexual misconduct and other crimes, motor vehicle and bike theft, and personal safety information for students and employees. These programs are available to the campus community upon request and can be tailored to focus on particular aspects of crime prevention and safety.

A member of the UICPD serves as a liaison to Campus Housing and addresses law enforcement and security issues within the residence halls, participates in the orientation and training of Campus Housing staff and private security agency staff employed by Campus Housing.

Policing and Community Engagement Unit (P.A.C.E.)

The Policing and Community Engagement Unit is also part of Community Relations. The purpose of the program is to keep the UIC community safe and enhance awareness of personal safety. P.A.C.E. is designed to enhance the quality of life within the campus and the surrounding community. P.A.C.E. officers actively seek out problematic situations that may adversely affect the safety and security of the campus, work with UIC employees and students, and implement problem solving techniques to address the problems.

Police Officers assigned to the P.A.C.E. Unit are responsible for:

- Education for students and employees on personal safety and Emergency Phone operations.
- Education for students and employees on individual response in emergencies.
- Interaction with Campus Housing staff to ensure safe student housing.
- Education for the campus community on quality of life issues (e.g., teach initial actions during emergencies).
- Advisement on building/office security infrastructure.
- Addressing building and parking structure safety issues.
- Development of restroom safety tips and localized building notification protocols.
- Implementation of bicycle registration program and additional bicycle patrol.
- Establishment of safety programs such as Child Seat Safety for Newborns.
- Liaising with the Chicago Police Department and Assistant State's Attorney on specific campus and community safety issues.

The two Chicago campuses have been divided into geographic zones, with a specific officer assigned to each zone. Each officer is directly responsible for engaging UIC Deans (or designees), Department Heads, employees, and students to identify and positively address the complex issues that negatively impact the quality of campus life. Everyone is encouraged to reach out to their P.A.C.E. officer by calling the UICPD’s Police Community Relations office at (312) 996-6779.

Student Patrol

The Student Patrol was established in 1980 to act as the “eyes and ears” of the police and to handle non-law enforcement calls for service. The Student Patrol is comprised of approximately 25 students and provides an invaluable service to the UIC community. The Student Patrol members are deployed from 6:30 AM-11:00 PM, 7 days a week, for walking patrols to observe and report suspicious or criminal activity to the department.

- The Student Patrol is responsible for:
  - Providing after-hours walking escorts for students, faculty, staff, and visitors.
  - Verifying the identification of persons requesting access to campus facilities.
  - Locking and unlocking buildings.
  - Providing 24-hour access control at fixed posts (as needed).

Women’s Self-Defense Course

The UICPD’s Women’s Self-Defense course is a free, women’s only course, taught by female UICPD officers certified in self-defense instruction. Priorly consideration for the course is given to UIC students and employees, but women from the Chicago area are encouraged to sign up. The course is split into two parts: classroom learning and hands-on practice. In the first half, the instructor will cover important facts about sexual assault and violence and teach women how to identify potential attackers. Topics include de-escalation techniques, dating and domestic violence, stalking, and reporting incidents to law enforcement. The second portion of the training teaches participants how to get out of threatening situations, such as how a victim should react if an attacker pulls her hair or how to work around the strength disparities that can exist between an attacker and a victim. To sign up, e-mail rides@uic.edu.

Safe Exchange Zone

The Safe Exchange Zone is an area where individuals can safely carry out legal swaps, sales or purchases on campus, as well as make child custody exchanges. The Safe Exchange Zone is clearly marked in the first-floor lobby of the UIC Police Station at 943 W. Maxwell St. Open 24 hours, the police-protected area has round-the-clock video surveillance, a seating area and appropriate lighting for meetups that happen during the day or after dark. The UICPD supply a lock and sellers can use at the station. Officers hope the device will help people steer clear of any fraud-related losses that may occur while using a party's personal electronic device. Possession of weapons on university property is prohibited, so exchanges involving weapons are not permitted in the space. Free parking is available for visitors; designated parking spaces are located adjacent to the police station.

Paratransit & ADA Services

24-hour campus wide paratransit services and ADA compliant intracampus bus routes assist in providing barrier-free travel to UIC students and staff. Call (312) 996-2842 for paratransit services.

Library Shuttle Service

Dedicated shuttle servicing the Daley Library during academic semesters from 11:00 PM to 7:00 AM. Departs every 30 minutes.

UIC Night Ride

On-call* Transportation service operating between 11:00 PM and 7:00 AM 7 days per week to provide a safe after-hours transit option. Call (312) 996-6800 or e-mail rides@uic.edu.

Fleet Watch Program

The Fleet Watch Program includes physical plant staff who operate radio-dispatched maintenance vehicles and act as “eyes and ears” for the UICPD.

Campus Watch Program

The Campus Watch Program operates as an extension of the Fleet Watch Program. The Campus Watch Program relies on parking lot attendants, building service workers, and other staff members to report in-progress crimes or suspicious activities.

Walk and Talk Program

The Walk and Talk Program has officers on walking beats interview students and employees regarding the reporting of crime and safety concerns.

Security Surveys

The UICPD consults on basic security surveys to identify sources for improvement for security and risk prevention. Meetings are held with UIC administrators to review and update security systems as part of the Building Representative Network. The UIC Police provide input regarding the use of certain locks, special doors and frames, lighting and parking facility layouts, etc. as part of the design process for campus structures.
Crime Prevention and Security Awareness

UIC PEORIA REGIONAL CAMPUS

Campus Safety Committee
This committee meets quarterly, or as needed, to discuss a wide array of campus safety topics to keep employees, students, and guests safe at all times. Periodic building drills are completed to prepare for fires, severe weather, bomb threats, active shooters, and hostile intruders, and training is provided in CPR, "Stop the Bleed," automated external defibrillator (AEDs), and many other topics.

Safety Committee
This committee meets quarterly to discuss all aspects of safety, on and off campus, which may affect employees and students. Topics discussed include Clinical Laboratory Improvement Amendments, chemical safety, radiation safety, human resources, laboratory animal care facilities, legal, patient care, and physical plant, along with employees and student issues. Safety plans are discussed, such as emergency response guides, evacuation plans, disaster plans, critical incident team, SMS emergency notification system, and weather emergency plans. All are updated as needed.

Escort Program
Employees and students may be escorted to their vehicle or monitored on closed circuit cameras by security personnel, at any time, night or day.

UIC ROCKFORD REGIONAL CAMPUS

Safety Orientations
Safety training is provided to new employees during new employee orientations, which are held each year. Topics covered in the online training include: security, fire safety, safety management, emergency management, and hazardous materials and waste.

Behavioral Intervention Team
The Behavior Intervention Team assists in protecting the health, safety, and welfare of the members of the UIC Rockford Regional Campus community by developing a structure for the systematic reporting of and response to the behavior of students or employees when such behavior is disruptive to themselves or the environment or may be in violation of UIC policies, and by providing support and advice to those who report concerns.

Safety Team
The UIC Rockford Regional Campus safety team is committed to improving campus safety through a proactive, collaborative, coordinated, and thoughtful approach to the prevention, identification, assessment, and management of situations that pose a threat to the safety and well-being of the campus community.

SPRINGFIELD REGIONAL CAMPUS

Crime Prevention Officer
In addition to the overall department’s commitment to preventing crime as part of policing efforts, the UISPD support a Crime Prevention Officer on the Springfield campus who holds an increased level of expertise and training. This officer supports the overall department’s efforts in crime prevention, including crime prevention training and serving as a resource on facility issues using Crime Prevention through Environmental Design concepts. The officer is also responsible for analyzing crime trends so that the department can better respond to safety issues facing the campus.

Rape Aggression Defense (R.A.D.)
The Rape Aggression Defense System consists of realistic, self-defense tactics and techniques and is a comprehensive course for women on the Springfield campus. The course teaches awareness, prevention, risk reduction, and avoidance, along with basic self-defense training.

Escorts by Police
Anyone may request a UISPD escort to a campus housing unit, to any campus building, or to a vehicle in a campus parking lot by calling the UISPD at the non-emergency number (217) 206-6690.

Safety Video
The UISPD make available to all UIS employees and students a training video entitled "Shots Fired." The link is available from the UISPD website (see www.uis.edu/police/campus-safety/active-shooter).

The Rape Aggression Defense System consists of realistic, self-defense tactics and techniques. The program is a comprehensive course for women. It begins with awareness, prevention, risk reduction, and avoidance, before progressing to basic defense training. R.A.D. is not a martial arts program. Courses are taught by certified R.A.D. instructors and provide a workbook/reference manual, which outlines the entire physical defense program for continuous personal growth.

Faculty-staff Firearms Safety Program
The UISCPD wants its campus community members who choose to own firearms at home to do so safely. The Faculty-Staff Firearms Safety Program gives those community members a chance to learn from trained police officers how to safely handle, store and use firearms.

Crime Prevention Unit
UISCPD supports a crime prevention unit with sworn staff holding an increased level of expertise and training. This unit supports the overall department’s efforts in crime prevention, including coordinating presentations and serving as a resource on facility issues using Crime Prevention through Environmental Design concepts. The unit is also responsible for analyzing crime trends so that the department can better respond to safety issues facing campus.

The Law and You
This program provided by Crime Prevention detectives covers how to interact with law enforcement officials and offers guidelines particularly useful for middle and high school students, international students, and college students.

Bicycle and Pedestrian Safety Presentations
The bicycle and pedestrian safety program focuses on proper fit for bikes, rules of the road, and risk reduction techniques for campus and the surrounding area as well as laws that pertain to pedestrians.

‘Verbal Judo’
In this training on de-escalation communication, UISCPD provide front office staff with positive communication skills that will de-escalate situations that may not require police intervention. This is an important safety skill for all staff and students who work with the public.

Office Safety and Security
Crime Prevention detectives provide safety and security tips for the office or personal workspace. Learn how to avoid becoming a target of thieves and how to respond in an emergency situation.

Crime Prevention and Security Awareness

Lighting Committee
The UIUC Campus Lighting Committee is an important component of UIUC efforts to provide a safe and secure environment, underscoring the commitment to the safety and well-being of students, employees, and the public. The committee is responsible for determining areas where supplemental lighting will enhance security and safety, developing recommendations for the placement of lighting and emergency telephones, and studying the long-term needs related to upgraded security lighting policies and practices.

Public Safety Advisory Committee (PSAC)
This committee was established to serve in an official advisory capacity. The mission of the PSAC is to ensure that the Division of Public Safety remains responsive to the needs of the campus and local communities, and to provide administration and the Executive Director of Public Safety with regular input on issues surrounding crime and fear abatement, law enforcement, public safety, and emergency preparedness. The role of the PSAC is advisory and consulting, and should enhance Public Safety’s community-oriented public safety philosophy.

Administrative Clergy Committee
This committee is comprised of the following UIUC officials who meet to review UIUC Clergy Act compliance efforts and make recommendations to the UIUC Clergy Compliance Officer regarding UIUC’s Clergy Act obligations; the Chancellor or her designee; the Dean of Students; the Senior Associate Chancellor for Human Resources; the Director of Student Conflict Resolution; the Associate Director of Campus Violence Prevention and Safety; the Associate Chancellor for Public Affairs; the Executive Director of Public Safety; the University Counsel or designee; the Director of Housing; the Vice Chancellor of Student Affairs; the Vice Provost for Academic Affairs; and the Assistant Director for International Safety and Security.

Bias Assessment and Response Team
Bias-motivated incidents are communications or expressions that are motivated, at least in part, by prejudice against or hostility toward a person (or group) because of that person’s (or group’s) actual or perceived age, disability/ability status, ethnicity, gender, gender identity/expression, national origin, race, religion/spirituality, sexual orientation, socioeconomic class, etc. The Bias Assessment and Response Team (BART) collects and responds to reports of bias-motivated incidents that occur within the UIUC community.

SafeWalks
SafeWalks is a free walking escort service provided by trained Student Patrol officers for university students and employees so no one has to travel alone at night. By walking in groups, community members reduce their risk of being targeted by a criminal. SafeWalks can be requested by calling (217) 333-1216. SafeWalks are available from 9:00 PM-2:30 AM every night, and until 3:00 AM on Thursday, Friday, and Saturday.

PERSONAL SAFETY TIPS

- Being alert and using common sense are the best ways to prevent crime from happening to you and those around you. Continued vigilance is necessary to help you from becoming a victim of a crime. By taking a few simple steps you can reduce the possibility of becoming a victim.

- Residence Halls
While thefts, robberies, and other unlawful activity occur at a relatively low rate, following basic crime prevention tips will assist in mitigating the risk of becoming a victim. When entering the residence halls, please adhere to all rules and guidelines of access. DO NOT allow strangers or unauthorized persons into controlled areas. Make sure that you lock your doors and windows when leaving your room. A majority of reported thefts from residence rooms occur when the victim has left to go to the bathroom, visit a friend, or a variety of other reasons for a relatively short amount of time. Lastly, it is imperative that any and all suspicious persons be reported immediately to the UIUCPD. A delay could mean the difference in preventing an unlawful act or apprehending the offender during a crime. When in doubt, call 911.
  - If your windows or doors do not lock properly, contact your Resident Assistant immediately for assistance requesting repairs.
  - Keep valuables out of plain view. Never loan your keys to anyone. Keep curtains and blinds closed at night.
  - Install a light timer for use when not occupying your room. Always identify anyone before allowing them into your room.
  - Never tape your door lock or use door jams. You may forget when you leave your room.
  - Keep your backpacks in your room when dining. Designated backpack spaces are rarely monitored and leaving backpacks unattended is an invitation for theft.
  - Purchase a plastic key chain coil to secure your keys when showering.
  - Engrave all high dollar valuables with a personal identification such as initials and last 4 digits of your social security number. If you do not have an engraver, contact the UIUCPD at (312) 996-6779.

Street Sense
Be alert to your surroundings. Whenever possible travel with a friend. Walk close to the curb and avoid doorways, bushes, alleys and other areas where someone could hide. If you carry a purse, your personal safety may dictate how tightly you cling to it. During cooler weather, carry your purse under your outer garment. If someone snatches it, let it go. It is easier to replace material items versus sustaining bodily injury from a purse snatcher. You may also want to carry your keys in your hand to be used as a defense aid in case of an attack. When traveling on campus (UIC – Chicago Campus East and Chicago Campus West, UIC Rockford Regional Campus, UIC Springfield Regional Campus, or UIC Urbana-Champaign Circle Campus) please use one of the Emergency Telephones on campus if you see something suspicious or feel threatened. Add UIC or regional campus emergency numbers to your cell phone.

- Other Safety Tips
Knew your limits regarding alcohol consumption. Many crimes against persons occur after hours involving victims who clearly show signs of Inebriation. When going out, always go with a friend and watch out for one another.

When securing your bike, only use one of the designated bike racks. Secure your bike with a cable and a hardened steel locking device. Most companies offer an insurance guarantee if your bike is stolen after you have properly used their locking devices. Remember to padlock your tires and choose your locks as wisely as you do your bike. Register your bike immediately upon purchase.

When parking your car, always find a well-lit and well-traveled area. Never leave anything of value in plain view. Also, if you’re going to be working late, remember that an area that is well traveled or ideally illuminated during the day may not be at night.

OFF-CAMPUS CRIMES

The UICPD provides primary law enforcement for the UIC – Chicago Campus East and the Chicago Campus West. Off-campus locations in the vicinity of the two campuses are served by the Chicago Police Department. However, the UICPD may respond and assist at these off-campus locations for crimes/emergencies that are in progress. The UICPD maintains partnerships with the Chicago Police Department and regularly responds to off-campus Student Code and law violations.

The UICPD DOES NOT provide primary law enforcement services for the UIC Regional campuses. Those campuses are served by the local police, the UISPD (UIC Springfield Regional Campus only) or the UIUCPD (UIC Urbana-Champaign Regional Campus only).

Off-campus student violations of the law or the Standards of Conduct are addressed by the Office of the Dean of Students, the Behavior Threat Assessment Team for Students, the Office for Access and Equity, or the regional Colleges of Medicine, Nursing, and Pharmacy Offices of Student Affairs.

OFF-CAMPUS MISCONDUCT

UIC may pursue disciplinary action for off-campus violations of UIC rules in those instances in which UIC is substantially affected, whether or not the misconduct was criminal in nature. 

Outside agencies are not required to notify UICPD when dealing with a UIC student.
ALCOHOL AND DRUG ABUSE PREVENTION
**ALCOHOL AND DRUG POLICIES**

The information in this section is in accordance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989. This section contains key elements of the University of Illinois at Chicago Alcohol and Other Drugs Policy and Resource Guide; the guide may be accessed at go.uic.edu/aod.

The UIC is committed to maintaining a drug- and alcohol-free environment for its students and employees in compliance with applicable federal, state, and local laws. No one under the age of 21 may possess, sell, or consume alcoholic beverages on any property under UIC’s control, including campus housing. Persons of legal drinking age—21 years or older—may possess or consume alcoholic beverages only in areas or at functions specifically designated or approved for such use.

The unlawful or unauthorized possession, use, distribution, dispensation, sale, or manufacture of controlled substances or alcohol is prohibited on University property or as part of any University activity. Students or employees who violate this policy may be disciplined in accordance with University policies, statutes, rules, and regulations up to and including dismissal and referral for criminal prosecution.

The University may contact the parents of students under the age of 21 for violations of the student disciplinary policy.

**SUBSTANCE ABUSE EDUCATION PROGRAMS**

**HANDBOOKS**

Select UIC units have developed and distributed informational handbooks that direct students and employees to their departmental and/or UIC alcohol policies. For example, UIC athletes receive the Student-Athlete Handbook, which details the Substance Abuse Education and Testing Program for UIC athletes. In addition, the Department of Intercollegiate Athletics helps to guide student athletes, a group nationally seen as high-risk for AOD use, through potentially risky situations by engaging them in educational activities, such as informative conversations, life skill classes, and random drug testing. The New Student and Parent Orientation Program produces and distributes the UIC Student Life Guide to thousands of students raising their awareness about responsible drinking, safe sex, and healthy behavior. These events include: National Collegiate Alcohol Awareness Week (NCAAW) and Safer Sex Fest.

**WELLNESS CENTER WEBSITE**

The instructional guide “Party Like a Rock Star Who Just Wised Up: Party Safety Guide,” developed by the Wellness Center, is distributed annually to Campus Housing Resident Assistants and Peer Mentors. The 16-page guide covers topics such as sex under the influence of alcohol, tips to encourage the use of designated drivers, the Illinois Social Host Law, recipes for non-alcoholic drinks, and tips to keep partiers safe from alcohol poisoning and DUI’s.

**NATIONAL COLLEGIATE ALCOHOL AWARENESS WEEK (NCAAW)**

In an effort to increase the number of students reached during NCAAW, the Wellness Center asks UIC professors for permission to enter their classrooms to give a five-minute session on safe drinking and alcohol poisoning. This initiative, presented by the Wellness Center, reaches on average 2,000 to 3,000 students each year.

**DISCIPLINARY ACTION**

Under existing policies and in compliance with federal and state laws, employees are subject to disciplinary action, up to and including discharge, for unauthorized consumption of intoxicating liquors on institutional time or property; inability to satisfactorily perform their assigned duties as a result of drinking alcoholic beverages; illegal use is pertinent to their survey answers. This assessment and its results are not a formal assessment or a therapeutic tool. The program is available online at wellnesscenter.uic.edu/resources-and-services/alcohol-e-chug.

**WORKSHOPS**

The Wellness Center staff and peer educators conduct one of the center’s most requested workshops, Keg of Knowledge. Keg of Knowledge is a 50-minute workshop developed and offered by the Wellness Center to Greek organizations, student organizations, and Campus Housing residents. Using interactive activities, this workshop addresses the myths of alcohol use, signs of alcohol poisoning, bystander intervention, blood alcohol concentration, dangers of binge drinking, and responsible drinking levels.

**SUMMER ORIENTATION PRESENTATIONS**

In an effort to disseminate alcohol information to larger audiences, the Wellness Center presents mini-alcohol education sessions during the New Student Orientation program. Using a game show format, students answer a fun “pop quiz” that gives them the opportunity to participate in the presentation and learn about safe drinking behaviors. This brief presentation introduces the “0-1-3 Rule” for responsible drinking, social norming data on alcohol use among UIC students, and how to help an intoxicated student. On average, 3,000 to 4,000 first year and transfer students participate in the summer orientation program.

**CAMPUS EVENTS**

The Wellness Center annually host’s educational events that reach out to thousands of students raising their awareness about responsible drinking, safe sex, and healthy behavior. These events include: National Collegiate Alcohol Awareness Week (NCAAW) and Safer Sex Fest.

**MAY I BE DISCIPLINED?**

I’M A UNIVERSITY EMPLOYEE. FOR WHAT ACTIONS MAY I BE DISCIPLINED?

Under existing policies and in compliance with federal and state laws, employees are subject to disciplinary action, up to and including discharge, for unauthorized consumption of intoxicating liquors on institutional time or property; inability to satisfactorily perform their assigned duties as a result of drinking alcoholic beverages; illegal use
of drugs, narcotics, or intoxicants; unauthorized sale or distribution of drugs, narcotics, or intoxicants; or other offenses being unfit to perform job duties due to use of alcohol or illegal drugs. Employees who have a problem with controlled substances or alcohol are encouraged to seek professional advice and treatment. Employees may seek help for a problem or obtain a list of counseling, rehabilitation, and assistance programs confidentially by calling the Employee Assistance Service at (312) 996-3588. In some cases, an employee’s supervisor may direct the employee to request this information.

WHAT IF I’M CONVICTED OF A DRUG OR ALCOHOL OFFENSE THAT TOOK PLACE AT WORK?

Employees must notify their supervisor within five days. If an employee is working on a federal contract or grant and is convicted of a drug or alcohol offense occurring in the workplace, the University will notify the granting or contracting federal agency within ten days of receiving notice of the employee’s conviction. Employees convicted of a drug or alcohol offense involving the workplace may be disciplined or discharged under existing laws, policies and rules, or may be required to complete a drug rehabilitation program in order to continue employment at the University.

I’M A STUDENT. WHAT HAPPENS IF I VIOLATE THE UNIVERSITY’S DRUG POLICY?

Students who illegally possess, use, distribute, sell, or manufacture drugs or alcohol are subject to University disciplinary action and may be dismissed from the University. To view the UIC Student Standards of Conduct, refer to the Student Disciplinary Policy by visiting go.uic.edu/disciplinarypolicy.

The University provides educational programs and counseling to students who are substance users or who are affected by the substance abuse of others. For confidential help with these problems, contact the Counseling Center at (312) 996-3490, visit its website www.uic.edu/depts/counseling, or review the list of additional resources provided in the Alcohol and Other Drugs Policy and Resource Guide at go.uic.edu/ACD.

Alcohol and Drug Policies

LAWS THAT APPLY TO ALCOHOL AND DRUG USE

Recognizing that the abuse of alcohol and other dangerous substances can be harmful to the “peace, health, and welfare” of Illinois citizens [720 ILCS 570/100], the General Assembly implemented a series of laws that regulate the distribution and use of controlled substances.

Below is a brief description of some of the state and federal laws used to regulate alcohol and other drugs. For a more detailed discussion, please visit the Illinois General Assembly website at www.ilga.gov/legislation/ilcs/ilcs3.asp?ActId=1941&ChapterId=53 or see the “resources” tab on the U.S. Department of Justice-Office of Diversion Control website at www.deadiversion.usdoj.gov/index.html.

CONTROLLED SUBSTANCES

The possession, sale, and delivery of controlled substances is prohibited under the Illinois Controlled Substance Act [720 ILCS 570]. Under the Cannabis Control Act, courts can set penalties that increase in accordance with the amount of any substance containing cannabis in each case [720 ILCS 550/1]. In regard to both Acts, penalties vary with the amount of the drug confiscated, the type of drug found, the number of previous offenses held by the individual, and whether the individual intended to manufacture, deliver or possess with intent to deliver [720 ILCS 570/401] [720 ILCS 570/402] [720 ILCS 550/4] [720 ILCS 550/5].

UNDERDRINKING

The consumption of alcoholic liquor by any person under 21 years of age is illegal [235 ILCS 5/6-20]. It is also against Illinois law for anyone to permit a gathering at their residence at which one or more persons under 21 possess or consume alcoholic beverages, to rent a hotel or motel room for such purpose, or to sell or deliver alcohol to anyone under 21 or to any intoxicated person [235 ILCS 5/6-16]. It is also illegal for a person under 21 to present false identification in an attempt to purchase alcohol [235 ILCS 5/6-16].

DRIVING UNDER THE INFLUENCE

Driving while under the influence of alcohol, drugs, intoxicating compounds, or any combination thereof is against Illinois law. The Secretary of State is authorized to cancel any driver’s license or permit upon determining that the holder has been convicted of violating the Cannabis Control Act, the Illinois Controlled Substances Act, the Methamphetamine Control and Community Protection Act, or the Use of Intoxicating Compounds Act while that individual was in actual physical control of a motor vehicle [625 ILCS 5/6-201].

Substantial penalties exist for individuals driving or physically controlling a motor vehicle with a blood alcohol concentration of .08 or greater [625 ILCS 5/11-501]. These Acts, depending on the circumstances, may incur penalties, such as a jail sentence, fines, or suspension/revocation of a driver’s license.

Transporting open alcohol containers in a motor vehicle is also punishable under Illinois law [625 ILCS 5/11-502].

FEDERAL LAWS THAT APPLY TO ALCOHOL AND DRUG USE

Possession and delivery of controlled substances is prohibited by the federal Controlled Substance Act [21 U.S.C. 801 and following]. Similar to Illinois law, individuals can be penalized on the quantity of confiscated drugs, the type of drug(s) found, the number of previous offenses by the individual, and whether the individual intended to manufacture, sell, or use the drug.

ADVERSE HEALTH EFFECTS OF ALCOHOL AND OTHER DRUGS ON HEALTH

Adverse health effects can range from nausea and anxiety to coma and death. There are risks associated with the chronic use of all psychoactive drugs, including alcohol. A pregnant woman who uses alcohol, cigarettes, or other drugs exposes herself and her fetus to serious risks, such as the risk of miscarriage, low birth weight, or brain damage.

Substance abuse may involve not only controlled substances and illegal drugs, but also alcohol and other substances that pose a health risk. When drugs are combined, their negative effects on the mind and body are often multiplied beyond the effects of the same drugs taken singly, which can be deadly. A list describing some of the health effects associated with the use of alcohol and other drugs is provided below.

For more information or questions concerning the Alcohol and Other Drug Policy and Resource Guide, students should contact the Office of the Dean of Students at (312) 996-4857. Employees should contact the Office of Human Resources - Administration at (312) 413-4848.

ALCOHOL

Alcohol is the drug most frequently abused on college campuses and in our society. Even small amounts of alcohol can impair the judgment and coordination required to drive a car, increasing your chances of having an accident. Alcohol may be an interacting factor in the incidence of aggressive acts, including vandalism and assault and serious health problems, such as liver damage. Consuming moderate to large amounts of alcohol impairs your ability to learn and remember information. Because alcohol is a depressant, very large amounts can cause respiratory and cardiac failure, resulting in death.

CANNABIS

Marijuana and hashish impair the user’s short-term memory and comprehension. They can cause confusion, anxiety, lung damage, and abnormalities of the hormonal and reproductive systems. Hours after the feeling of getting high fades, the effects of cannabis on coordination and judgment may remain, heightening the risks involved in driving or performing other complex tasks. An overdose or long-term use may bring about paranoia, panic attacks, or psychiatric problems. Cannabis, a fat-soluble substance, may remain in the body system for weeks.

CLUB/DESIGNER DRUGS

The terms “club drugs” and “designer drugs” refer to a wide variety of drugs including MDMA (Ecstasy, Molly), GHB, rohypnol (roofies), ketamine (special K), methamphetamine (meth), and LSD (acid). Research indicates that these drugs can cause serious health problems or even death. They can have even more serious consequences when consumed while drinking. Club/designer drugs are also occasionally used or administered in connection with sexual assault.

DEPRESSANTS

Barbiturates, benzodiazepines (e.g., valium), Quaaludes, and other depressants cause disorientation, slurred speech, and other behaviors associated with drunkenness. The effects of an overdose of depressants range from shallow breathing, clammy skin, dilated pupils, or a weak and rapid pulse that can result in coma or death.

HALLUCINOGENS

Hallucinogens such as lysergic acid diethylamide (LSD), Methyleneoxydimethamphetamine (MDMA), phencyclidine (PCP or angel dust), mescaline, peyote, and psilocybin (shrooms) can cause powerful distortions in perception and thinking. Intense and often unpredictable emotional reactions can trigger panic attacks or psychotic reactions. An overdose of hallucinogens can cause heart failure, lung failure, coma, and death.
Alcohol and Drug Policies

Alcohol and Drug Policies

Cancer.

disease, chronic obstructive pulmonary disease (COPD), and lung smoking cigarettes may include emphysema, chronic bronchitis, heart transition to college, substance use, and mental illness, in a safe, supportive, confidential setting. Services are free to students and their spouses. The Counseling Center is also able to provide additional support for students seeking to connect to clinical services for problem drinking. Schedule an appointment with a counselor or for more information. The Counseling Center does not provide the formalized alcohol assessment used in court.

The Counseling Center provides services to help students deal with a diverse set of issues, including stress, a crisis or trauma, and raises your blood pressure. The tar in cigarette smoke is a major cause of cancer and other respiratory problems. The carbon monoxide in cigarette smoke can promote arteriosclerosis. Long-term effects of smoking cigarettes may include emphysema, chronic bronchitis, heart disease, chronic obstructive pulmonary disease (COPD), and lung cancer.

NARCOTICS/OPiates

Heroin, codeine, morphine, methadone, and opium are narcotics/ opiates. There is a high likelihood of developing a physical and psychological dependence on these drugs. Health effects include anxiety, mood swings, nausea, confusion, constipation, and respiratory depression. Overdose may lead to convulsions, coma, and death. The risk of being infected with HIV, the virus that causes AIDS, or other diseases significantly increases if you inject drugs and share needles.

Stimulants

Cocaine/crack, amphetamines, and other stimulants can cause agitation, loss of appetite, irregular heartbeat, chronic sleeplessness, and hallucinations. All non-prescribed stimulants are extremely dangerous and psychologically and physically addictive. An overdose can result in seizures and death.

TOBACCO

Nicotine, the active ingredient in tobacco, increases your heart rate and raises your blood pressure. The tar in cigarette smoke is a major cause of cancer and other respiratory problems. The carbon monoxide in cigarette smoke can promote arteriosclerosis. Long-term effects of smoking cigarettes may include emphysema, chronic bronchitis, heart disease, chronic obstructive pulmonary disease (COPD), and lung cancer.

VIOLENCE AGAINST WOMEN ACT
DATING VIOLENCE, DOMESTIC VIOLENCE, SEXUAL ASSAULT, AND STALKING

UIC is committed to providing a safe environment in which students and employees can achieve their educational and employment goals. When someone experiences sexual misconduct (i.e., dating violence, domestic violence, sexual assault, stalking, discrimination, harassment), their sense of safety and trust is violated and this can significantly interfere with their success. The UIC community expects that all interpersonal relationships and interactions – especially those of an intimate nature – are based upon values of mutual respect, dignity, responsibility, open communication, and clear consent.

Responding to incidents of sexual misconduct can be challenging, whether you are the person harmed or someone trying to help. All of us play a vital role in making UIC a respectful and safe place to learn, work, and live. The UIC Prohibition of Sex Discrimination, Sexual Harassment and Sexual Misconduct, also referred to as the UIC Sexual Misconduct Policy, has been developed to address all types of sexual misconduct, including dating violence, domestic violence, sexual assault, stalking, and sexual harassment.

UIC takes all complaints and accusations of sexual misconduct seriously. We welcome your involvement in our mission to foster a campus environment that strives to prevent sexual misconduct and promotes the reporting of sexual misconduct, compassionate responses to individuals who have experienced sexual violence, and equitable treatment of both student reporting and responding parties.

UIC PROHIBITION OF SEX DISCRIMINATION, SEXUAL HARASSMENT AND SEXUAL MISCONDUCT

UIC is committed to providing an educational and work environment that is free from all forms of sex discrimination, sexual violence, and sexual and gender-based harassment (collectively referred to as “sexual misconduct”). UIC prohibits and will not tolerate sexual misconduct of or by students, employees, patients, or visitors. UIC will take prompt and fair action to eliminate such conduct, prevent its recurrence, and remedy its effects through interim protective measures and accommodations, equitable investigations, and disciplinary processes. Employees and students in violation of this policy may face sanctions up to and including termination or expulsion. The Office for Access and Equity, through its Title IX Coordinator, has the authority to conduct investigations, to determine when there have been violations of this policy based on the standard of preponderance of evidence, and then make recommendations in accordance with the relevant University policies for students, employees, patients, or visitors.

UIC encourages good faith reports of sexual misconduct and prohibits retaliation against any person who reports sexual misconduct and/or who participates in a Title IX investigation or resultant disciplinary process.

All employees are considered to be “Responsible Employees” with the authority and responsibility to report sexual misconduct to University officials. Employees who are exempted from this reporting requirement are professional or pastoral counselors who provide work-related mental-health counseling, campus advocates who provide confidential victim assistance, and employees who are otherwise prohibited by law from disclosing information received in the course of providing professional care and treatment.

UIC prohibits conduct that violates Title IX of the Education Amendments Act of 1972 (“Title IX”), Title VII of the Civil Rights Act of 1964 as amended (“Title VII”), the Illinois Human Rights Act, and the Illinois Preventing Sexual Violence in Higher Education Act, and supplements related campus and University of Illinois policies and laws. Title IX states as follows:

No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.

Unlawful discrimination on the basis of sex includes: (a) sexual harassment; (b) gender-based harassment, which is unwelcome conduct based on actual or perceived sex, or harassment based on gender identity or nonconformity with sex stereotypes; and/ or (c) all forms of sexual violence including, but not limited to, sexual assault, sexual battery, sexual abuse, sexual coercion, sexual exploitation, dating violence, domestic violence, and stalking.

Sexual misconduct is the term used in this policy to encompass unwanted or unwelcome conduct of a sexual nature that is committed without valid consent. Also included in this term is any abusive behavior that arises out of an actual or perceived intimate relationship (e.g., domestic or dating violence and stalking). Sexual misconduct may occur between people of the same gender or different gender identifications.

WHAT TO DO IF SEXUAL MISCONDUCT OCCURS

1. IF IN DANGER, CALL 911
   If you are in immediate danger, call 911.

2. GET TO A SAFE PLACE
   Get to a place of safety as soon as possible.

3. CALL SOMEONE YOU TRUST
   Contact someone you trust to be with you and support you. A staff member at UIC can help you through the process, provide emotional support, and explain options.

4. PRESERVE PHYSICAL EVIDENCE
   Preserve any physical evidence. Preserving evidence may be important for several reasons including: identifying the perpetrator in a sexual assault case, especially when the offender is a stranger; assisting in proving the alleged criminal offense occurred; and obtaining a protection order. To be admissible in court, sexual assault physical evidence must be collected in a timely manner by a certified medical facility. Evidence is best preserved by not washing away the evidence and collecting all the items that may have evidence on them such as clothing. In order for the kit to be most effective, follow these guidelines:
   - Avoid cleaning up in any way such as taking a shower, bathing, washing your hands, combing your hair or brushing your teeth.
   - Avoid using the toilet especially if you suspect you were given a drug to incapacitate you.
   - Choose either to not change your clothes or if you do change your clothes, put all of the clothing you were wearing at the time of the assault in a paper (not plastic) bag and bring the bag with you to the hospital. The hospital will provide you with scrubs or sweats or you can have someone bring clothing.

5. SEEK MEDICAL ATTENTION
   Get medical attention as soon as possible. Getting medical attention is important for addressing the physical consequences of any type of assault, even if you do not wish to press charges or collect evidence. If you can, seek medical attention within 24 hours of a sexual assault is most ideal for medical and preventive treatment.
   You do not have to pay for the emergency room or follow-up medical care required as a result of a sexual assault. For confidential treatment, you can choose not to disclose Campus Care or other insurance information and request that the costs be automatically billed through the Sexual Assault Survivors Emergency Treatment Act (SASETA). Otherwise the statement for the emergency room visit will be sent to your permanent address.

6. CONSIDER YOUR REPORTING AND SUPPORT OPTIONS
   Consider your reporting options for assistance, support, resources, and on- and off-campus services. See reporting contact information on the following page.

REPORTING SEXUAL MISCONDUCT TO UIC

UIC strongly encourages the prompt reporting of sexual misconduct either disclosed, experienced, or observed. The report may be made by anyone, including: 1) a person who has experienced sexual misconduct; or 2) a third party or bystander who has information that sexual misconduct may have occurred.

WHERE TO REPORT AN INCIDENT AT UIC

An individual may choose to report sexual misconduct to one or more of the following: law enforcement, the University, or confidential resources. The report may be made to the Chicago Police Department or other local police department; the UIC, UIS, or UIUC Police Departments; UIC’s Title IX Coordinator; UIC’s Dean of Students; UIC’s Campus Advocacy Network (CAN); UIC’s Counseling Center; or local and national crisis centers.

RIGHTS AND OPTIONS IN REPORTING

OPTION TO REPORT

Individuals have the right to choose to report or not report the incident to UIC officials, on-campus or local law enforcement, or confidential services, separately or simultaneously.

THE RIGHT TO RECEIVE ASSISTANCE FROM CAMPUS AUTHORITIES

Individuals have the right to request and receive assistance from UIC in notifying law enforcement and in accessing and navigating on- and off-campus health and mental health services and counseling.

THE RIGHT TO REQUEST PROTECTIVE MEASURES AND ACCOMMODATIONS

Individuals have the right to request interim protective measures and accommodations from UIC, including without limitation:

- Changes to academic, living, dining, working, and transportation situations;
- Obtaining and enforcing a campus-issued order of protection or no-contact directive;
- Obtaining and enforcing a state court-issued order of protection or no contact order.

RIGHT TO PRIVACY/REQUEST FOR CONFIDENTIALITY

For the purposes of Clery Act reporting and disclosures, no identifying information about the victim or the reporting person will be disclosed in publicly available recordkeeping, such as the Daily Crime Log or the Annual Security and Fire Safety Report (ASFSR).

UIC will maintain as confidential any accommodations or protective measures provided to an individual, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

If an individual requests confidentiality when reporting, UIC will take all reasonable steps to honor the request, taking into account that confidentiality may not be possible in every case given UIC’s responsibility to provide a safe environment for all members of the UIC community.

RESPECT FOR PRIVACY

Information regarding sexual misconduct reports and investigations, including any outcomes, will be shared with UIC employees with a legitimate educational interest or with external individuals or entities only on a need-to-know basis and only as permitted under UIC policy and applicable law.

WHEN A REPORT IS MADE TO UIC OFFICIALS

Reports of sexual misconduct are referred by Responsible Employees, UICPD, UISPD, UIUCPD, and the Office of the Dean of Students to the Title IX Coordinator.

When the Title IX Coordinator receives a report that a UIC student or employee has experienced dating violence, domestic violence, sexual assault, or stalking, regardless of whether the alleged offense occurred on or off campus, the student or employee will be provided with a written explanation including:

- The procedures the individual should follow after a crime of dating violence, domestic violence, sexual assault, or stalking has occurred;
- Information about how UIC will protect confidentiality;
- A list of support services and resources within UIC and the community (see resources and contact information at the end of this section);
- Options for available assistance with requesting protective measures and accommodations, including, but not limited to changes to academic, living, transportation, and working situations; and,
- UIC’s procedures for disciplinary action.

TRAINING FOR UIC OFFICIALS WHO RECEIVE REPORTS OF SEXUAL MISCONDUCT

All individuals whose duties include resolution of sexual misconduct complaints receive a minimum of 8 to 10 hours of annual training on issues related to dating violence, domestic violence, sexual violence, and stalking and how to conduct the higher education’s complaint resolution procedures in addition to the annual sexual misconduct training required by all university employees.

In addition, all employees who are considered to be “Responsible Employees” are required to complete mandatory, online survivor-centered and trauma-informed response sexual misconduct training each spring.

UIC INVESTIGATION AND RESPONSE TO SEXUAL MISCONDUCT

UIC provides a prompt, fair, and impartial process from the initial investigation of an allegation of sexual misconduct to the final result. Complaints of sexual misconduct involving UIC students or employees are referred to UIC Title IX Coordinator for investigation. UIC will take all reasonable steps to respond to the complaint, and the Reporting Party and Responding Party will both have an opportunity to provide their account of the events, as well as present witnesses and/or corroborating information. If a report involves a UIC or UIUC student or employee Reporting or Responding Party, then the investigation and response process will coordinate with the appropriate university’s Title IX Coordinator for investigation and/or Dean of Students or supervisory authority for discipline.

TITLE IX INVESTIGATION

1. OUTREACH TO REPORTING PARTY

The Title IX Coordinator or designee will contact the Reporting Party and provide rights, options, and resources regarding assistance and support, as well as information regarding the preservation of physical evidence and the ability to obtain a medical forensic exam (also referred to as a “rape kit”) at no cost. The Title IX Coordinator or designee will explain the investigative process, and offer the option to participate or not participate. If the Reporting Party does not wish to initiate or participate in an investigation, the Title IX Coordinator or designee may proceed with an investigation based on the information available, if the Title IX Coordinator or designee determines that the safety and security of the broader campus community requires that UIC proceed with an investigation. The Reporting Party will be notified prior to the start of any such investigation.

2. TITLE IX INVESTIGATION REQUESTS

a. At the conclusion of the outreach to the Reporting Party by the Title IX Coordinator or designee, the Reporting Party may request that a Title IX Investigation (complaint resolution process) begin promptly and proceed in a timely manner. When requested by the Reporting Party or when required by law, the Title IX Coordinator or designee will contact and coordinate/cooperate with law enforcement.

b. The Reporting Party may also request that the Title IX investigation not be pursued or that the Reporting Party’s name or other identifiable information not be revealed to the Responding Party. The Title IX Coordinator or designee will make every effort to respect the request and will evaluate the request in the context of UIC’s responsibility to provide a safe and non-discriminatory environment for the UIC community. The Reporting Party will be informed that honoring the request may limit UIC’s ability to fully respond to the alleged incident. Even if UIC cannot take disciplinary action against the Responding Party because the Reporting Party insists on confidentiality, UIC will pursue other steps to limit the effects of the alleged conduct and prevent its recurrence.

c. If the Title IX Coordinator or designee determines that a Title IX Investigation is necessary and/or that the Reporting Party’s name or other identifiable information must be revealed to the Responding Party to maintain a safe and non-discriminatory environment, the Reporting Party will be notified and can elect to participate in the process as much or as little as the Reporting Party chooses. In the event the Reporting Party requests that the Title IX Coordinator or designee inform the Responding Party that the Reporting Party asked UIC not to investigate or seek discipline, the Title IX Coordinator or designee will honor this request and inform the Responding Party that UIC made the decision to go forward despite the Reporting Party’s request. The Title IX Coordinator or designee may also implement any interim measures that are deemed necessary to protect the Reporting Party and ensure the safety of other students.

d. The Title IX Investigator(s) (“Investigator”) will not wait for the conclusion of any criminal investigation or proceedings, including civil proceedings, before beginning UIC’s Title IX Investigation. The Investigator may, however, need to temporarily delay the evidence gathering portion of an investigation while the police are gathering evidence. As soon as it is appropriate to proceed, the Investigator will promptly resume and complete the investigation. UIC may take immediate steps to protect the educational setting at any time if it determines such steps are necessary.

e. Reporting Party and Responding Party will (i) receive notice of the individual or individuals with authority to make a finding or impose a sanction in their proceeding before the individual or individuals initiate contact with either party and (ii) have the opportunity to request a substitution if the participation of an individual with authority to make a finding or impose a sanction poses a conflict of interest.
3. INTERVIEW OF REPORTING PARTY AND RESPONDING PARTY

The investigation process is conducted by one or more Investigators designated by the Title IX Coordinator. The Investigator is responsible for contacting and interviewing the Reporting Party, any Reporting Party witnesses, the Responding Party, any Responding Party witnesses, and any witnesses the Investigator deems necessary.

The Investigator will meet separately with the Reporting Party and the Responding Party. During each meeting, the Investigator will provide the following information to the Reporting Party, Responding Party, and witnesses:

1. UIC’s Sexual Misconduct Policy;
2. Overview of the investigative process;
3. Opportunity to participate in the investigative process;
4. Option to have an advisor present;
5. Summary of procedural rights;
6. Option to request accommodations;
7. Option to request interim protective measures;
8. List of available support resources; and

The Investigator will ask for all information relevant to the allegations. For both parties, this is their opportunity to present any information regarding the incident, including names of witnesses, the existence of documents, emails, text messages, or other recordings, or any other information the parties feel may be relevant. The Reporting Party and Responding Party may also submit supplemental information at any time during the investigation until the Investigator issues a recommendation of finding.

Both parties may request and must be allowed to have an advisor of their choice accompany them to any meeting or proceeding related to an alleged violation of the comprehensive policy, provided that the involvement of the advisor does not result in undue delay of the meeting or proceeding.

4. INTERVIEWS OF WITNESSES AND COLLECTION OF RELEVANT INFORMATION

As part of the investigation, the Investigator may conduct additional investigative and witness interviews as appropriate and review all available pertinent evidence. This may include reviewing student and/or personnel files and reviewing law enforcement documents or evidence.

5. ISSUANCE OF NOTICE OF FINDING

Prior to concluding the investigation, the Investigator will make all evidence available to the Reporting Party and Responding Party for review, subject to applicable privacy laws, and response. If either party submits supplemental information after reviewing the evidence, the other party will be given a reasonable opportunity to review the supplemental information, subject to applicable privacy laws, and respond to the supplemental information. Once the evidence review and supplemental submission process is complete, and the Investigator deems the investigation closed, the Investigator will prepare the investigation report.

The Title IX Investigator shall prepare a written report containing all evidence collected and the Investigator’s recommendation as to whether or not, by a preponderance of the evidence, the alleged conduct constitutes a violation of the UIC’s Sexual Misconduct Policy. The Investigator will recommend either a finding of a violation or a finding of no violation. The Investigator’s report will be subject to an internal review by the Title IX Coordinator within the Office for Access and Equity.

A. Written notice of the Investigator’s recommendation will be sent to the Reporting Party and Responding Party simultaneously. The written notice will contain, subject to applicable privacy laws, a summary of the following:

i. The allegations;
ii. The information and materials considered during the investigation;
iii. The Investigator’s recommendation as to whether or not the alleged conduct constitutes a violation of the UIC Sexual Misconduct Policy;
iv. The basis for the recommendation, and
v. Any recommended actions.

If Recommended Finding Involves a UIC Student Responding Party.

a. The written notice of the Investigator’s recommendation of finding will also be referred to the Office of the Dean of Students for a hearing in accordance with the Student Disciplinary Policy for determination of whether the alleged conduct constitutes a violation of the UIC Sexual Misconduct Policy. The Office of the Dean of Students is not bound by, nor is it required to adopt, the recommended finding of the Title IX Investigator.

b. After the hearing is concluded and upon lapse or exhaustion of the Student Disciplinary Policy’s appeal process, the Title IX Coordinator will adopt the outcome and sanctions, if applicable, as determined by the Office of the Dean of Students.

c. Additional information regarding the Office of the Dean of Students’ Student Disciplinary Policy, hearing process, and appeals process can be found at go.uic.edu/DisciplinaryPolicy.

If Finding Involves a UIC Employee Responding Party

a. When the Investigator’s finding is that a violation of UIC’s Sexual Misconduct Policy occurred, the final finding will be referred to the appropriate supervisor, unit head, Vice Chancellor or other relevant administrator for appropriate employment action in accordance with applicable employment laws, policies, practices, and agreements.

PROCEDURAL RIGHTS FOR STUDENTS AND EMPLOYEES DURING A TITLE IX INVESTIGATION

During the investigation, the following procedural protections are provided to both the Reporting Party and the Responding Party:

1. After commencement of an investigation, both parties will receive:
   • Written notice that a Title IX Investigation has been initiated;
   • A summary of the allegations that prompted the investigation;
   • An overview of the investigative process;
   • A list of available support resources;
   • A summary of rights and options; Information about interim protective measures and accommodations;
   • Written notice about the UIC’s strict prohibition against retaliation;
   • Written notice of the date, time, and location of meeting(s) with the Title IX Investigator;
   • UIC’s Comprehensive Sexual Misconduct Policy; and
   • UIC Student Disciplinary Policy.

2. During the investigation, both parties shall have the right to:
   • Present information/materials to support their respective positions;
   • Be accompanied by an advisor or advocate to any meetings;
   • Inspect and review, subject to applicable privacy laws, the statement of facts, witness statements, documents, and/or other information submitted or collected as part of the investigation; and
   • Offer corrections or rebuttals to the statement of facts, witness statements, documents and/or other information submitted or collected as part of the investigation; and
   • Decline to participate.

3. Upon conclusion of the investigation, both parties shall receive:

a. Simultaneous written notice, subject to applicable privacy laws, including a summary of the following:

i. The allegations;

ii. The information and materials considered during the investigation;

iii. The Investigator’s recommendation as to whether or not the alleged conduct constitutes a violation of the UIC policy on Sexual Misconduct;

iv. The basis for the recommendation, and

v. Any recommended actions.

b. Option to inspect and review, subject to applicable privacy laws, the investigation report.

ADDITIONAL INFORMATION ON PROCEDURAL RIGHTS DURING A TITLE IX INVESTIGATION

VOLUNTARY PARTICIPATION IN THE INVESTIGATION

Participation in the investigation is voluntary. A refusal or failure to respond or participate in the investigation will not be construed a retraction of the initial allegations (by Reporting Party) or as an admission of wrongdoing (by Responding Party), nor will it prevent the investigation from moving forward. UIC will take reasonable steps to reach the Reporting Party, Responding Party, and witnesses before proceeding in the absence of any one of them.
PRESENCE OF ADVISOR OR ADVOCATE
At their respective meetings with the Investigator, the Reporting Party and the Responding Party may have an advisor or advocate present while being interviewed. Reporting Party and Responding Party may select their own advisor or advocate (e.g., a parent, a staff member, a union representative, an advocate provided through Campus Advocacy Network (CAN) for the Reporting Party, or an attorney). Advisors and advocates will be limited to advising and supporting the Reporting Party or Responding Party and will not have an active role in the meeting or investigation.

If either party intends to bring an attorney as an advisor, the party is requested to notify the Investigator at least three business days in advance in order to allow the Investigator time to arrange for a representative from the Office of University Counsel to be present.

PAST DATING OR SEXUAL RELATIONSHIP
Information about the Reporting Party’s past sexual history with anyone other than the Responding Party will not be considered. Additionally, the mere fact of a previous consensual dating or sexual relationship between the parties does not, itself, imply consent to the act(s) under investigation or preclude a finding of sexual misconduct. The Investigator will make a recommendation of finding with respect to whether consent was given at the time of the incident under investigation based upon the definitions of consent within the policy and the guidance provided by federal and state legislation and regulations.

STANDARD OF PROOF
The Investigator’s conclusions and recommendations will be determined using the preponderance of the evidence standard. The preponderance of the evidence standard requires the Investigator to recommend whether it is more likely than not that the alleged conduct constitutes a violation of the UIC Sexual Misconduct Policy.

AMNESTY
UIC recognizes that sometimes students are reluctant to seek help after experiencing sexual misconduct, or may be reluctant to help others who may have experienced sexual misconduct, because they fear being held responsible by UIC or law enforcement for underage alcohol consumption or drug use. To encourage reporting, UIC will not pursue disciplinary actions for alcohol/drug violations against a student making a good faith report of sexual misconduct.

RETAILATION
UIC prohibits retaliation against those who, in good faith, report or disclose an alleged violation of the Prohibition of Sex Discrimination, Sexual Harassment, and Sexual Misconduct Policy, file a complaint of discrimination or harassment, or otherwise participate in a complaint resolution procedure. Any report of retaliation — including by third parties — will be taken seriously and reviewed as a separate violation under the Prohibition of Retaliation Following Claims of Unlawful Discrimination Policy.

TIMELINE
UIC strives to complete sexual misconduct investigations and any disciplinary proceedings within 60 calendar days, excluding the time for appeals. There are, however, many factors that may affect the length of time needed to complete various portions of the resolution process fairly and equitably. These factors may include, but are not limited to:

a) The number of Reporting Parties, Responding Parties, and alleged policy violations;

b) The time it takes to submit/collaborate relevant information or evidence;

c) The availability of witnesses;

d) Academic breaks and holidays; and

e) Delays resulting from an active police investigation.

Consequently, some complaints will be resolved before the designated time frame and some may require more time.

The Title IX investigation does not determine whether or not a crime has been committed, as that can only be determined through the criminal justice process.

ANNUAL TRAINING
UIC administrators who investigate or who are involved in procedures for disciplinary action receive annual training on issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of individuals and promotes accountability.

STUDENT DISCIPLINARY POLICY: CONDUCT PROCESS
Students assume an obligation to conduct themselves in a manner compatible with UIC’s function as an educational institution and suitable as members of the UIC community. The UIC Standards of Conduct, described in the Student Disciplinary Policy (located at go.uic.edu/DisciplinaryPolicy), outline the types of unacceptable behavior, including sexual misconduct, that may result in disciplinary action.
A. SEXUAL MISCONDUCT COMPLAINT
Any member of the UIC community can file a complaint regarding UIC student misconduct with the Office of the Dean of Students. Allegations of sexual misconduct will be referred to the Title IX Coordinator. The Title IX Coordinator will review the complaint and determine the appropriate action, which may include an investigation. Once the Title IX investigation is complete, the complaint will be referred to the Dean of Students for further action such as implementation of Interim Measures and/or student conduct proceedings. Interim measures, an interim separation, and/or an emergency suspension may be imposed by the Dean of Students prior to, during, and/or upon the completion of the Title IX investigation.

B. STUDENT RIGHTS
The Reporting Party and the Responding Party have similar rights throughout the student conduct process. Both the Reporting Party and the Responding Party may have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied by any related meaningful advisor of their choice. UIC will not limit either party’s choice of advisor or advocate (e.g., a parent, a staff member, a union representative, an advocate provided through Campus Advocacy Network (CAN) for the Reporting Party, or an attorney). Advisors and advocates will be limited to advising and supporting the Reporting Party or Responding Party and will not have an active role in the proceedings.

A full description of Reporting Party and Responding Party rights is included under Addendum C: Student Rights for Sexual Misconduct Cases in the Student Disciplinary Policy.

C. MULTIPLE STUDENT RESPONDING PARTIES
In reviews of incidents involving more than one student, the student conduct administrator in the Office of the Dean of Students will determine whether the reviews for each student are conducted separately.

D. SEXUAL MISCONDUCT HEARINGS
Sexual misconduct hearings are conducted as described in the Student Disciplinary Policy. A staff member in the Office of the Dean of Students will meet separately with the Reporting Party and the student Responding Party to discuss the incident, explain the student conduct process, and answer any questions. The Reporting Party and the Responding Party are informed about the hearing procedures and the Sexual Misconduct Policy, witnesses and other relevant information and to have an advocate or advisor participate in the hearing.

E. TESTIMONY AND EVIDENCE
During the “presentation of the evidence” segment of the student conduct hearing, the Title IX Coordinator or designee will present a summary of the recommended findings from the investigation. The Reporting Party, student Responding Party, and student conduct committee members will have the opportunity to ask questions related to the investigative findings. The Title IX Coordinator or designee remains for the duration of the hearing in order to allow all parties an opportunity to ask questions.

In addition, other University departments may present information during the “presentation of evidence” segment of the hearing (i.e., Campus Housing, Campus Programs, Athletics).

• In cases concerning accusations of sexual misconduct, past sexual history of any involved party will not be admitted in evidence or testimony unless directly relevant to the matter under consideration. The mere fact of a previous consensual dating or sexual relationship between the involved parties does not, in itself, imply consent to the acts under investigation or preclude a finding of sexual misconduct.

• The parties will not be allowed to personally cross-examine each other during a student conduct hearing. If the Responding Party declines to present information at the Hearing, this will not be construed as an admission of responsibility. If the Reporting Party declines to participate in the Hearing, this will not be construed as evidence that favors the Responding Party.

F. STANDARD OF PROOF
The outcome of a student conduct proceeding will be made using the preponderance of the evidence standard. The preponderance of the evidence standard requires the student conduct committee to determine whether it is more likely than not that sexual misconduct occurred.

G. THE HEARING COMMITTEE
The quorum consists of four voting members of the Sexual Misconduct Committee who have received specialized training for sexual misconduct hearings.

H. SANCTIONS
If the hearing committee determines that a violation of the Sexual Misconduct Policy occurred, it will determine appropriate sanctions. The sanctioning process for sexual misconduct is designed to eliminate the misconduct, prevent its recurrence, and remedy its effects, while supporting UIC’s educational mission and Title IX obligations. Sanctions may also serve to promote safety or deter students from similar future behavior. Sanctions will take into consideration the gravity of the student’s actions and the student’s entire conduct record at UIC and will be designed to (1) hold students accountable for their actions and the resulting or potential consequences of such actions, and (2) protect the safety of the UIC community.

Sanctions may include one or more of the following: warning, developmental sanction, recommended counseling, restitution and fines, failure or grade modification, UIC probation, suspension, dismissal, and expulsion. A full description of the sanctions is included in Section V of the Student Disciplinary Policy.

I. NOTIFICATION OF HEARING OUTCOME
A written notice will be sent simultaneously to both the Reporting Party and the Responding Party informing each about the outcome of the Hearing as determined by the Sexual Misconduct Committee. Notices will be sent to the students via email to the students’ official UIC email address, U.S. Postal Service mail to the students’ address located in the official records held by the Office of Admissions and Records, or hand delivered to each student.

• If the Reporting Party has chosen not to participate in UIC’s review of the sexual misconduct report, but desires to be notified of the outcome, UIC will notify the student. If the student has expressed a desire, in writing, not to be notified of the outcome, UIC will honor that decision. In such cases, UIC will not send the notification itself to the student, but may communicate with any necessary follow-up and may need to provide notification of that follow-up, if appropriate.

• The Reporting Party will be informed about any sanctions imposed and provided information regarding the appeal process. The Reporting Party will not be notified of the remedies offered or provided to the Reporting Party.

J. APPEALS
Both parties have the right to appeal the hearing outcome and sanctions within five calendar days after receiving the written notice of the hearing committee’s findings. The appeal must be accompanied by a statement stating the grounds for the appeal and the desired outcome, and include all relevant supporting evidence and documentation. An appeal may be filed based upon the following grounds:

1. Procedural Error: A procedural error occurred in the handling of the complaint which substantially affected the outcome of the hearing;

2. New Evidence: New information exists that would substantially change the outcome of the finding; or

3. Sanction(s) Disproportionate with Violation(s): The sanction(s) imposed are substantially disproportionate to the severity of the violation(s) for which the student was found responsible.

The Reporting Party and Responding Party will receive simultaneous notification of any change to the result of the disciplinary hearing, as well as when such results become final. The appeal process is described in the Student Disciplinary Policy at go.uic.edu/DisciplinaryPolicy.

K. STATUS OF STUDENT RESPONDING PARTY
In most cases, the status of a student Responding Party will not be altered and disciplinary sanctions will not be initiated until completion of the investigation, the student conduct hearing, or an appeal. Interim measures may be initiated whenever there is evidence that a student or student organization may pose an ongoing threat (1) to the safety or well-being of one or more members of the UIC community, (2) to property within the UIC community, (3) that does or interferes with normal university life or functions. Refer to Interim Measures in the Student Disciplinary Policy for more information.
Administrative holds affecting registration transactions, posting of degrees, and students’ ability to acquire copies of their transcripts may be placed when students fail to fulfill terms of their disciplinary obligations. Such situations may include failure to respond to a written notice indicating a required meeting with a designated student conduct official and failure to complete disciplinary sanctions by an established deadline. This restriction normally will remain in effect until disciplinary obligations are met or adjudication of the matter is complete.

When the outcome of a student conduct action is suspension from UIC, the student will not be allowed to register for classes during the period of suspension. The restriction will not be removed, and the student will not be allowed to register until the stated period of suspension has expired and all disciplinary obligations are met.

STUDENT CONDUCT RECORDS DISCLOSURE

Under the UIC Student Records Policy, Section IV. A. Disclosure not requiring consent, there are circumstances for which a student’s disciplinary records may be released without the consent of the student.

The university may disclose the final results of a disciplinary hearing, regardless of the outcome, to a victim of an alleged perpetrator of a crime of violence (e.g., actual or attempted arson, assault, burial, criminal homicide, vandalism of property, kidnapping/abduction, robbery, and forcible sex offenses) or nonforcible sex offense.

The university may disclose student records information (including the final result of disciplinary proceedings) to any third party in cases where the student has been found to be an alleged perpetrator of a crime of violence or nonforcible sex offense, and with respect to the alleged crime or offense, the student has been found to have committed a violation of the university’s rules or policies. The university will not disclose the name of any other student (victim or witness) without the prior written consent of the other student(s).

RANGE OF PROTECTIVE MEASURES AND ACCOMMODATIONS

Following an allegation of dating violence, domestic violence, sexual assault, or stalking, UIC may offer a range of protective measures and accommodations.

INTERIM MEASURES

Interim safety measures will vary depending upon the facts of each case. Interim safety measures may include, but are not limited to:
- Directing the Responding Party to avoid all forms of contact (i.e., telephone, text, email, social media) with a specifically named individual(s) for a specified period of time
- Change of Campus Housing room assignment or removal/ban from Campus Housing
- Limitations on access to academic support services such as tutoring
- Restriction on access to UIC buildings/facilities
- Issuance and enforcement of UIC no contact orders
- Alteration in work or academic schedules to minimize contact between the parties
- Withdrawal from/re-take a class without penalty
- Limitations on access to academic support services such as tutoring
- Restriction on access to UIC buildings/facilities
- Issuance and enforcement of UIC no contact orders
- Honoring an order of protection or no contact order entered by a State civil or criminal court
- Providing an escort to ensure that the Reporting Party can move safely between work assignments, classes, and activities
- Ensuring the Reporting Party and the Responding Party do not share workspaces, classes, or co-curricular activities

ACADEMIC ACCOMMODATIONS

Academic accommodations include, but are not limited to:
- Working with advising staff to minimize the negative impact on their completion rate and financial aid
- Arranging for extra time to complete assignments, projects, or exams
- Arranging for test or class re-takes, or withdrawal from a class or the campus without an academic or financial penalty, to the extent possible
- Reviewing any sanctions imposed on the Reporting Party to determine if there may be a causal connection between those sanctions and sexual misconduct experienced by the Reporting Party

ADDITIONAL INDIVIDUAL AND COMMUNITY SAFETY MEASURES

Additional safety measures may be necessary to eliminate a hostile environment or create a safe environment for the UIC community.

These may include, but are not limited to:
- Providing increased monitoring, supervision, or security at locations or activities where the sexual misconduct occurred
- Offering comprehensive, holistic victim/survivor services including medical, counseling, and academic support services, such as tutoring
- Training and re-training UIC employees on UIC’s responsibilities to address allegations of sexual misconduct and interpersonal violence
- Developing additional materials on sexual misconduct and interpersonal violence
- Conducting additional bystander intervention and sexual violence prevention programs
- Re-issuing policy statements or taking additional steps that clearly communicate that UIC does not tolerate sexual misconduct or interpersonal violence and will respond to any and all reports of such behavior
- Conducting or re-conducting campus climate surveys
- Conducting targeted training for a specific group
- Obtaining orders of protection/no contact orders

EDUCATIONAL AND AWARENESS PROGRAMS

UIC, including its regional campuses, engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns to prevent dating violence, domestic violence, sexual assault, and stalking:

- Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and
- Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community, and societal levels.

Educational programming consists of primary prevention and awareness programs for all incoming students and new employees, as well as ongoing awareness and prevention campaigns for students and employees. The content of the programs includes:

a. A statement of policy that UIC prohibits the crimes of domestic violence, dating violence, sexual assault, and, stalking and the procedure and disciplinary sanctions in cases of alleged sexual misconduct;

b. Definition of what behavior constitutes domestic violence, dating violence, sexual assault, and stalking using definitions provided both by the Violence Against Women Act (VAWA) and state law;

c. Definition of what behavior constitutes consent to sexual activity in the State of Illinois;

d. Definition of what behavior constitutes consent to sexual activity at UIC and the purposes for which the definition is used;

e. A description of safe and positive options for bystander intervention;

f. Information on risk reduction;

ANNUAL SEXUAL MISCONDUCT TRAINING

The University’s Prohibition of Sex Discrimination, Sexual Harassment, and Sexual Misconduct policy requires all incoming, returning, and transfer students, as well as all faculty and staff, to be regularly educated on discrimination and harassment prevention, sexual violence, and reporting options and obligations. New students are required to complete training before or early in their first semester. All returning students are provided training materials, regular reminders, and are encouraged to review those materials each academic year. Paid university employees, including faculty, staff, and extra help, are required to complete their designated training annually as well, though this occurs during the spring semester. Though all courses are administered by University Ethics and Compliance Office staff, login support and course management are handled through the training vendor, EverFi via their course functionality. The Title IX Coordinators are responsible for responding to content-related inquiries.

SEXUAL ASSAULT PREVENTION TRAINING FOR UNDERGRADUATES

This course is designed for use by new and returning undergraduate students enrolled at UIC. Students new to the University are required to complete this coursework before or during their first semester of enrollment or a hold will be placed on the student account until the coursework is complete.

SEXUAL ASSAULT PREVENTION TRAINING FOR GRADUATES AND PROFESSIONALS

This course is designed for new and returning graduate and professional students enrolled at UIC. Students new to the University are required to complete this coursework before or during their first semester of enrollment or a hold will be placed on the student account until the coursework is complete.

HAVEN FOR FACULTY AND STAFF

This course is a mandatory requirement for all faculty and staff, including extra help employees of the University of Illinois System. The course is available during the spring semester. Employees who are unable to complete the course online should contact the UIC Title IX Coordinator to seek alternate training accommodations.

Employees who are also enrolled as students at the University of Illinois must complete the employee training in addition to their student training. Completing both courses is required because the roles and responsibilities of employees are not addressed in the Sexual Assault Prevention Training for Undergraduates or the Sexual Assault Prevention Training for Graduates and Professionals, which focus on the student’s perspective, along with prevention tips, bystander intervention, reporting options, and student resources.
Violence Against Women Act

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.” UIC wants to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. Below is a list of some ways to be an active bystander.

1. **IF IN IMMEDIATE DANGER, CALL 911**
   If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

2. **WATCH OUT FOR YOUR FRIENDS**
   Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or needs help, ask if they are ok.

3. **CONFRONT PEOPLE WHO SINGE OUT OTHERS WHO ARE INCAPACITATED**
   Confront people who seclude, hit on, or try to make out with or have sex with people who are incapacitated.

4. **SPEAK UP!**
   Speak up when someone discusses plans to take sexual advantage of another person.

5. **BELIEVE YOUR PEERS**
   Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.

6. **REFER PEOPLE TO SUPPORT OPTIONS**
   Refer people to on or off campus resources, including those listed at the end of the section, for support in health, counseling, or with legal assistance.

**RISK REDUCTION**

The following are some strategies to reduce the risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org):

1. Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.

2. Try to avoid isolated areas. It is more difficult to get help if you are alone.

3. Walk with purpose. Even if you don’t know where you are going, act like you do.

4. Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.

5. Try not to load yourself down with packages or bags as this can make you appear more vulnerable.

6. Make sure your cell phone is with you and charged and that you have cab money.

7. Don’t allow yourself to be isolated with someone you don’t trust or someone you don’t know.

8. Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.

9. When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.

10. Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).

11. Don’t leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you’ve left your drink alone, just get a new one.

12. Don’t accept drinks from people you don’t know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don’t drink from the punch bowls or other large, common open container.

13. Watch out for your friend. If a friend seems out of it, is way too intoxicated for the amount of alcohol they’ve had, or is acting out of character, get them to a safe place immediately.

14. If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you or your friend the correct tests (you or your friend will need a urine test and possibly others).

15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
   a. Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.

   b. Be true to yourself. Don’t feel obligated to do anything you don’t want to do. “I don’t want to” is always a good enough reason. Do what feels right to you and what you are comfortable with.

   c. Have a code word with your friends or family so that if you don’t feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.

   d. Lie. If you don’t want to hurt the person’s feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.

16. Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?

17. If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.
RESOURCES FOR VICTIMS OF DATING VIOLENCE, DOMESTIC VIOLENCE, SEXUAL ASSAULT, SEXUAL HARASSMENT, & STALKING

CONSENT
For the purpose of UIC’s Sexual Misconduct Policy and programs to prevent dating violence, domestic violence, sexual assault, and stalking, consent is defined as follows:

Consent means clear and unambiguous agreement by a competent person that is freely given and expressed in mutually understandable words or actions, to engage in a particular sexual activity with a specific person or persons. Consent must be voluntarily given and cannot be the result of force, threats, intimidation and/or coercion (e.g., emotional or psychological pressure); a person’s lack of verbal or physical resistance or submission resulting from the use of threat of force does not constitute consent; neither the manner of dress nor consent to past sexual activity constitute consent; consent to past sexual activity does not constitute consent to future sexual activity; the absence of a response does not constitute consent to engage in sexual activity with another; consent can be withdrawn by either party at any time; a person cannot consent to sexual activity if that person is unable to understand the nature of the activity or give knowing consent due to circumstances, including without limitation the following:

- The person is incapacitated due to the use or influence of alcohol or drugs;
- The person is asleep or unconscious;
- The person is under the age of consent;
- The person is incapacitated due to mental or physical disability.

OTHER DEFINITIONS
For the definitions of dating violence, domestic violence, sexual assault, rape, fondling, incest, statutory rape, and stalking, see the Definitions section of this report or visit sexualmisconduct.uic.edu/policy/sexual-misconduct-definitions for sexual misconduct definitions.

OTHER RESOURCES

SEX OFFENDER REGISTRATION

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a state concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a state to provide notice, as required under state law, of each institution of higher education in that state at which the person is employed, carries on a vocation, volunteers services, or is a student. If the offender resides in an unincorporated area, he or she will register with the County Sheriff’s Office. You can link to this information, which appears on the Illinois State Police website, by accessing www.isp.state.il.us/sor.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

EMERGENCY OPERATIONS MANAGEMENT

Emergency Response and Evacuation Procedures

As required by federal and state law, UIC has a comprehensive Emergency Operations Plan (EOP) that details UIC’s response and recovery operations, and outlines specific evacuation protocols. The UIC EOP provides a structured and coordinated response to an emergency and/or disaster on campus that is compliant with the federal National Response Framework (NRF), the National Incident Management System (NIMS), the Higher Education Opportunity Act (HEOA), the Illinois Emergency Management Agency Act, the Illinois Campus Security Enhancement Act of 2008, and related actions as governed by the federal Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended.

UIC has also established priorities and procedures to maintain continuity of its critical academic, student, and community operations. Planning for an emergency and/or disaster in uninterrupted pursuit of its missions in teaching, research, service, patient care, and economic development. Departmental academic and business-continuity plans provide effective continuity management and recovery strategies to sustain, restore, and recover academic and business operations at the seven campuses. Together, the plans and related policies and procedures are coordinated by University of Illinois at Chicago Campus West are coordinated by the Illinois Emergency Management Agency (IEMA) for the University of Illinois, and the Illinois Emergency Management Agency (IEMA) for the University of Illinois, and the Illinois Emergency Management Agency (IEMA) for the University of Illinois. As new information and techniques arm, the Office of Preparedness and Response reviews, evaluates, and updates the EOP and all supporting documents annually. Plan maintenance and updates occur:

- As changes occur in personnel, equipment, resources, reporting methods, and/or operating procedures.
- After conducting an exercise of the plan, followed by a formal after-action review. The after-action review prompts a corrective action plan if necessary.
- As new emergency management services become available or are established.
- As new information and techniques are discovered that improve the efficiency and overall effectiveness of the EOP.
- After an actual emergency and/or disaster has occurred and each responding agency critiques the disaster response through the after-action review process.

Tests, Training, and Exercises

UIC’s Tests, Training, and Exercise (T&IE) program ensures that UIC is capable of supporting emergency response and recovery operations throughout an incident period. The T&IE program provides training in the appropriate functional areas of university readiness, and ensures continual development of UIC’s emergency operations and preparedness programs through validation of existing plans and procedures. As a part of the comprehensive UIC EOP, regularly scheduled drills, exercises, and follow-through activities are conducted annually. All events are documented with a description of the exercise, the date, time, and whether the test was announced or unannounced.

Evacuation drills for UIC Chicago Campus East and Chicago Campus West are coordinated by the Environment and Health Safety Office (EHSO), the UICPD, UIC Facilities Management, and Campus Housing each semester to ensure that emergency response and evacuation procedures are tested at least twice each year. Evacuation drills for UIC Springfield Regional Campus are coordinated by the University of Illinois Springfield (UIS) Department of Residence Life and the USPD each year to ensure that emergency response and evacuation procedures are tested. In addition, annual evacuation drills, such as fire drills, are conducted for non-residential campus buildings. Evacuation drills for UIC Urbana-Champaign Regional Campus are coordinated by University of Illinois at Urbana-Champaign (UICU) University Housing, Code Compliance and Fire Safety, and local fire departments each semester to ensure that emergency response and evacuation procedures are tested at least twice each year.

Students living in residence halls are provided the locations of emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. Residents are not told in advance about the designated locations for long-term evacuations because those decisions are affected by time of day, location of the building being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of a fire or other emergency. At UIC, evacuation drills are used as a way to educate and train occupants on fire safety issues specific to their building. Evacuation drills are evaluated by EHSO staff to review egress and behavioral patterns. Reports are prepared by participating departments that identify deficient equipment so that repairs can be made immediately. Recommendations for improvements are also submitted to the appropriate departments/offices for consideration.

Preparing for a Building Evacuation

A building evacuation goes into effect in the event of a fire or other emergency that requires all occupants immediately leave the building to ensure their safety. On an annual basis, occupants should utilize the Emergency Evacuation Route maps posted in each building to remain knowledgeable of the primary and alternate evacuation routes.

Evacuations are signaled by the building fire alarm, including strobe lights, audible alerts, and other means of emergency notification by emergency responders. When an alarm is activated, evacuate the building as quickly as possible but do not use elevators. If you observe evidence of fire (fire or smoke), pull the manual fire alarm to prompt a response for others to evacuate. If you are not able to evacuate, go to the designated Area of Rescue Assistance or nearest stairwell if you can. If possible, ask the Floor Coordinator or another person to accompany you to the stairwell, then inform UICPD or other emergency responders of your exact location or other pertinent evacuation conditions. If conditions deteriorate, move into the stair landing or area adjacent to the stairwell if the stair landing is already full.

Assistant those who need help, but carefully consider whether you may put yourself at risk. Once you are safe, notify authorities if someone is injured, missing, or unable to evacuate the building, provide the location of the emergency and the injured individual, and your building address, name, and cause. Do not re-enter the building until authorized emergency personnel give the “all clear” signal.

Emergency Response and Evacuation Procedures
SHELTER-IN-PLACE PROCEDURES

Shelter-in-place is an action taken to seek immediate shelter indoors when emergency conditions do not warrant or allow evacuation. These situations may include extreme weather or dangerous air quality due to the accidental or intentional release of hazardous materials. In the event of a security threat, be prepared to shelter-in-place and conduct a lockdown.

SHELTER-IN-PLACE GUIDANCE

If outdoors during severe weather conditions, proceed to the nearest protective building. Once inside, go to the identified Storm Refuge Area, or the lowest, most interior area of the building away from windows or hazardous equipment/materials. If caught outdoors, shelter in a low-lying area or depression and lay face down, covering your head.

LOCKDOWN GUIDANCE

If outside during a lockdown emergency, seek cover in the nearest unlocked building. Assist those who need help, but carefully consider whether you may put yourself at risk. Once within a safe place, attempt to secure the space (i.e., lock or barricade doors with desks, tables, cabinets). Close any blinds and turn off lights and computer monitors. Place mobile phones on silent but monitor them for UIC ALERT notification updates. Place yourself and others in the room behind a solid object away from windows or hazardous equipment/materials. If caught outdoors, shelter in a low-lying area or depression and lay face down, covering your head.

EMERGENCY NOTIFICATION PROCEDURES

An Alert Emergency Notification System (described below) will be used to communicate urgent official information during an emergency or crisis situation that disrupts normal campus operations or threatens the immediate health and safety of the campus community. Emergencies should be immediately reported to the UICPD or to a regional campus’s local police department (including the UISPD at the UIS campus). If the UICPD or a regional campus’ local police department confirms (with the assistance of key administrators, local emergency responders, or the National Weather Service) that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the UIC community, the administrators listed in the tables below will determine the content of the notification and use multiple platforms to alert the UIC community or segment of the community affected. Additional messaging will follow to provide timely updates or indicate that the incident has been resolved. The administrators in the tables below will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the emergency notification system in a timely manner, unless issuing a notification will, in the professional judgment of responsible authorities and emergency responders, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

FIRE SAFETY

This annual Fire Safety Report is prepared and issued each year by the Office of the Vice Chancellor for Administrative Services to comply with the fire safety-related requirements of the federal Higher Education Opportunity Act (HEOA). The Act requires that certain information pertaining to fire safety be made available to the public. This section summarizes the reporting components required by HEOA. Key fire safety policies and procedures are highlighted below.

The Peoria, Quad Cities, and Rockford regional campuses do not have University-owned and -operated residence halls.

The UIC Environmental Health and Safety Office (EHSO) and Campus Housing are responsible for reporting the fire safety components required by the HEOA.

In accordance with the Resident Student Code of Conduct, any related activity that compromises or could compromise the safety of the building or others, including, but not limited to, tampering with, disabling, or misusing emergency equipment (e.g., smoke alarms, smoke detectors, sprinklers, fire alarms, fire extinguishers, fire/emergency exit doors), or possessing items that could lead to health and safety concerns is strictly prohibited. In the event of a fire alarm activation, all students must evacuate the building immediately. The following conduct is expressly prohibited:

- Possessing prohibited items or other items deemed inappropriate by residence hall staff (prohibited items related to fire safety are included in the policy statements following this section). Note: The Illinois Firearm Concealed Carry Act strictly prohibits firearms on university property, which includes residence halls. See 430 ILCS 66/65 for more information on prohibited areas.
- Possessing any pets or animals that are not fish. If a resident is discovered to have a prohibited animal, he/she will have 24 hours to remove the animal. Failure to remove the animal immediately will result in Campus Housing calling animal control for removal. If a resident chooses to have a fish in his/her room, the aquarium may not exceed 30 gallons and there may be only one aquarium in each room. Campus Housing is not responsible for the health or condition of the fish.
- Creating or contributing to an environmental hazard that is deemed to endanger the health and/or safety of any individuals or the community at large.

POLICY ON SMOKE-IN CAMPUS HOUSING

In accordance with the Illinois Smoke-Free Campus Act (110 ILCS 64/1-66), smoking is prohibited on all UIC property. In accordance with this law, Campus Housing observes strict no smoking policies in the residence halls. Possession and/or use of hookahs; drugs and drug paraphernalia (e.g., bongs, pipes, vaporizers, or other devices or objects used to facilitate the use of drugs); and tobacco products including cigarettes, pipes, chew, electronic cigarettes, and smokeless tobacco are expressly prohibited.

POLICY ON FLAMMABLES (OPEN FLAMES) IN CAMPUS HOUSING

Possession and/or use of incendiary devices, including: alcohol torches, Bunsen burners, candles, incense, hookahs, other open flame/flamethrower or heating element devices, dangerous chemicals, fireworks, explosives, live cut Christmas trees, combustible decorations, mercury thermometers/other mercury containing items, weapons, firearms, halogen bulbs, or other items deemed inappropriate by residence staff are expressly prohibited.

POLICY ON PORTABLE ELECTRICAL APPLIANCES IN CAMPUS HOUSING

Permitted appliances include mini fridges up to 2.9 amps or smaller than 4.6 cubic feet and coffee pots with an automatic shut off. Microwaves OVER 1000 watts are prohibited in Single Student Residence (SSR) and Polk Street Residence (PSR). All types of microwave ovens are prohibited in all other halls unless built into the apartment or a part of a Microfridge unit rented through Bedloft.com. Bedloft.com is the exclusive authorized supplier of Microfridges (combination unit including a refrigerator, small freezer and microwave) to UIC students. Appliances with an external heating unit or open fire (e.g., hot plates, toasters, space heaters, or cooking appliances), power tools of any kind, and halogen bulbs are expressly prohibited.

POLICY ON FLAMMABLES (OPEN FLAMES) IN CAMPUS HOUSING

Use and storage of flammable materials/liquids in residential facilities is strictly prohibited. Fire hazards such as newspaper stacks, excessive trash, improper wiring, and open flames (including candles, incense, and potpourri burners) are prohibited as well. Sensy pots, oil warmers, and other wax warmers are not allowed regardless of style. Any fire or combustion chambers, other than coverable charcoal grills used for food preparation, including outdoor fireplaces, firepits/firebowlis/firepits/chimineas, and turkey fryers (gas and electric) are prohibited. Crock pots and rice cookers are only allowed in apartment and townhouse kitchens or residence hall lounges near the microwave using the ground fault circuit interrupter (GFCI) plug. Charcoal briquettes, kept collected and secured, for use in food preparation grills are permitted.

For the purposes of this UIS policy:

“Smoking” means lighting, burning, inhaling, or exhaling any type of tobacco or any products that contain tobacco, including but not limited to cigarettes, cigars, cigarillos, pipes, beedies, karetes, water pipes, bongs, and hookahs; lighting or burning of non-tobacco plants or marijuana; and using electronic cigarettes.

“Tobacco products” means all forms of tobacco, including but not limited to cigarettes, cigars, cigarillos, pipes, beedies, karetes, water pipes, bongs, hookahs, electronic cigarettes, smokeless tobacco, snuff, chewing tobacco, and any non-FDA approved nicotine delivery device or product.

“Campus property” means any property owned, leased, occupied, operated, or otherwise controlled by UIS, including, but not limited to: academic buildings and labs, student facilities, laboratories, residences, residence halls, elevators, stairwells, restrooms, roofs, meeting rooms, hallways, lobbies and other common areas, conference facilities, athletic complexes and facilities, exterior open spaces, shuttle buses, shuttle bus stops, university-owned parking lots, driveways, loading docks, university-owned streets, sidewalks, and walkways.

POLICY ON FLAMMABLES (OPEN FLAMES) IN CAMPUS HOUSING

Smoking and use of tobacco products is prohibited on all campus property at UIS, both indoors and outdoors, in university-owned vehicles and in privately-owned vehicles parked on or traveling through campus property. The sale, advertising, or free sampling of tobacco products is also prohibited on campus property. Little or the remains of tobacco products or any other related waste product on campus property is further prohibited.

POLICY ON PORTABLE ELECTRICAL APPLIANCES IN CAMPUS HOUSING

Permitted appliances include mini fridges up to 2.9 amps or smaller than 4.6 cubic feet and coffee pots with an automatic shut off. Microwaves OVER 1000 watts are prohibited in Single Student Residence (SSR) and Polk Street Residence (PSR). All types of microwave ovens are prohibited in all other halls unless built into the apartment or a part of a Microfridge unit rented through Bedloft.com. Bedloft.com is the exclusive authorized supplier of Microfridges (combination unit including a refrigerator, small freezer and microwave) to UIC students. Appliances with an external heating unit or open fire (e.g., hot plates, toasters, space heaters, or cooking appliances), power tools of any kind, and halogen bulbs are expressly prohibited.
POLICY ON PORTABLE ELECTRICAL APPLIANCES IN CAMPUS HOUSING
Lincoln west Fire Safety Hall: No electrical equipment with an exposed heating element, other than curling irons and clothes irons, are permitted in residence hall rooms.

Coffee machines, popcorn poppers, small microwave ovens (1000 watts or less), small refrigerators (3.5 cubic feet or less), and some other appliances are allowed. Clothes irons are to be used with an ironing board only in the laundry rooms and bathrooms. Clothes irons are to be immediately stored away when cooled.

Apartments & Townhouses: For reasons of safety and sanitation, only the kitchen is authorized for cooking purposes. Please do not leave cooking food unattended. Be sure that pots and pans (especially those containing grease) are removed from heat immediately after cooking. Turn burners “off” when not in use. Electric stoves continue cooking for some time after being turned off and cool slowly. Meat or any type of leftover food should not be hung, stored, or left outside of for any reason.

“Microwave Safety: Do not use metal products, including aluminum foil and silverware, in a microwave. Doing so will short out the wiring or result in a fire.

UIC URBANA-CHAMPAIGN REGIONAL CAMPUS
University Housing and Campus Code Compliance and Fire Safety at the University of Illinois at Urbana-Champaign are responsible for reporting the fire safety regulations required by the HEOA. The applicable fire prevention policies and procedures are as follows:

Students at the University of Illinois in Urbana-Champaign, both indoors and outdoors, in university-owned vehicles, and in privately-owned vehicles parked on campus property.

POLICY ON SMOKE IN UNIVERSITY HOUSING
Smoking is prohibited on all campus property at the University of Illinois at Urbana-Champaign, both indoors and outdoors, in university-owned vehicles, and in privately-owned vehicles parked on campus property.

POLICY ON FLAMMABLES (OPEN FLAMES) IN UNIVERSITY HOUSING
Any substance that potentially could cause fire, damage, or explosion is not permitted inside the residence halls. This provision includes kerosene heaters and fuel, and fuel containers for motorcycles or motor vehicles, as well as candles, open flames, fragrance pots, bystander lights, bottled propane, and similar burning devices.

Fireworks or pyrotechnic devices are not permitted by state statutes. Power strips should include a self-contained surge suppressant.

POLICY ON PORTABLE ELECTRICAL APPLIANCES IN UNIVERSITY HOUSING
Use of microwave ovens, popcorn poppers, or other approved electrical appliances is permitted in resident rooms for preparation of snacks. One microfridge unit is provided in all Sherman Hall and Daniels Hall rooms. Residents may not prepare meals in their rooms, as it is a violation of state health codes. Cooking meals is only permitted in designated hall or area kitchens. Hall kitchenettes are not intended for regular meal preparation because they cannot accommodate the number of residents in each hall.

Residents may be charged up to $50 per occurrence or lose their housing contract. Toasters, toaster-ovens, and grills are not permitted in resident rooms at any time.

Extension cords are to be used with small electrical appliances only, such as an alarm clock, lamp, or popcorn poppers. A microwave (up to 800 watts – one per room), popcorn popper, refrigerator (4.4 cubic feet – no more than one per room), video game consoles (PlayStation, Xbox, Wii, etc.), stereo, and TV/DVD player/VR.

FIRE SAFETY EQUIPMENT
Fire equipment saves lives. Tampering with smoke detectors, intentionally causing false fire alarms, hanging items from sprinkler heads, propping fire and smoke doors open, discharging a fire extinguisher, or tampering with other safety equipment could result in personal tragedy and, additionally, criminal charges, fines, university disciplinary action, and/or termination of a resident’s housing contract.

FIRE EXTINGUISHERS
Fire extinguishers will be charged, available, and operable at all times. Tampering with fire extinguishers is a serious offense and could lead to your dismissal from the University.

FIRE EXTINGUISHER PROCEDURES
If you attempt to extinguish a fire, ensure that you don’t put yourself in danger. You should know how to deal with the immediate situation and be knowledgeable in the use of fire extinguishers. It is also recommended to have another person with you in case a problem occurs and immediate help is required.

SMOKE ALARMS VS. SMOKE DETECTORS
Although they look alike, they are not; smoke alarms are found within dorm rooms, whereas smoke detectors are in common areas such as the hallways. A smoke alarm and smoke detector work the same, they both sense smoke or products of combustion, but a smoke alarm makes noise when it senses smoke, whereas a smoke detector sends a signal to the fire alarm system. This activates all of the audible alerts, flashing lights, and summons the fire department. Students must submit a Request for Services to the area/hall office to report a damaged or faulty smoke alarm. Only residence hall staff may disconnect smoke alarms; the building maintenance inspector will replace damaged or faulty alarms. Any resident who disconnects, covers, or otherwise tampers with a smoke alarm will be assessed a fine and referred to the University discipline system.

SMOKE DETECTORS
A state statute provides that tampering with, removing, or destroying a smoke detector is a Class A misdemeanor. This is in place for residents’ safety and for that of neighboring rooms. Residents who tamper with fire equipment will be referred for judicial action and/or residence hall contract termination.

FIRE EXTINGUISHERS AND FIRE DRILLS
UIC – CHICAGO CAMPUS EAST AND CHICAGO CAMPUS WEST
For resident safety, a fire drill will be conducted early in each semester. Therefore, there are at least two fire drills each calendar year.

The UIC EHSO conducts the drills in coordination with the Campus Housing staff, campus electricians and
FIRE SAFETY EDUCATION AND TRAINING

UIC – CHICAGO CAMPUS EAST AND CHICAGO CAMPUS WEST

Employees are provided education on fire safety and information on how to report a fire, or evidence of a fire, to whom, and procedures to be followed for non-residential buildings on campus when a fire alarm signals.

Each UIC building has fire evacuation plans and maps posted in common areas. All employees are required to evacuate the building familiar with the escape routes for all buildings and floors and the locations of fire extinguishers and fire alarm pull stations, if equipped. In the event of a fire or evacuation, everyone should follow the fire safety evacuation route and immediately vacate the premises until the officials in charge declare the premises safe to re-enter. Exits and areas around fire extinguishers must be kept clear at all times.

INSPECTION, TESTING AND MAINTENANCE OF FIRE PROTECTION SYSTEMS AND EQUIPMENT

Periodic unannounced fire safety inspections and evacuation drills are held to test equipment and procedures each term. The inspection is conducted by authorized UIC personnel. However, the inspection process is also used to educate residents on fire safety. The inspections include, but are not limited to, a visual examination of electrical cords, sprinkler heads, smoke alarms, fire extinguishers and other life safety systems. The inspection is intended to identify violations of fire code and contracts. In addition, rooms are inspected for the presence of prohibited items (e.g., sources of open flames, such as candles; extension cords; halogen lamps; portable cooking appliances in non-kitchen areas; etc.) or prohibited activities such as smoking in the room; tampering with life safety equipment; possession of pets; etc.). Any noted violations must be corrected and follow-up inspections are conducted by Campus Housing or EHSO. Prohibited items will be immediately confiscated and given to the Campus Housing Director’s staff for disposition.

The EHSO Fire Safety staff arrange with the campus electricians and UICPD to be present at the evacuation drills. The campus electrician activates the fire alarm. The Residential Faculty staff meets with the students and staff at the facility’s designated meeting area to insure all students have evacuated. The staff also notes any facility malfunctions during the drill (doors not closing properly, alarm not sounding, etc.). After the alarm has been reset and put back into service, the Fire Safety staff gives the all clear to re-enter the facility. The Fire Safety staff times the drill and conducts a critique of the drill immediately after the drill with the residential staff.

All Resident Directors, Resident Assistants, and Campus Residential Facility Staff Supervisors receive fire safety training each term from the EHSO Fire Safety staff. All of the above then schedule floor meetings and staff meetings for fire safety training.

This training includes instruction on the types, causes, and how to prevent fires in campus residential facilities. This includes, but is not limited to, smoking materials, cooking, housekeeping, electrical fires, and fires caused during building maintenance activities. The training also includes building specific training on exit locations and gathering areas for evacuating the facility. Staff members are also advised of what to expect during the annual fire safety inspection process. Additionally, EHSO Fire Safety staff members are available throughout the year to advise staff on fire safety issues or concerns.

Students and staff with disabilities receive, as requested, one-on-one training, which is tailored to the individual’s needs by the EHSO Fire Safety staff.

UCIC SPRINGFIELD REGIONAL CAMPUS

An annual fire drill for campus housing units is coordinated by the UIS DRL. Evacuation drills such as fire drills are coordinated by Residence Life and the UISPD each year for Springfield campus residence halls and other occupied residential housing units to ensure that emergency response and evacuation procedures are tested. Students living in Springfield campus residence halls are provided the locations of emergency exits in the buildings and are provided guidance about the direction they should exit each facility for a short-term building evacuation. The university also conducts evacuation drills, such as fire drills, at least bi-annually in non-residential buildings, in cooperation with the UISPD. Employees are notified in advance of these fire drills.

The West Campus townhouse units (Pennyroyal, Foxglove, Marigold, and Trillium) are part of 24 small second-level apartments, housing between two and five residents per unit. UIS DRL also produced a fire safety video for residents to reduce the number of false alarms that may result from every-day residential activities.

Residents can view the video at www.uis.edu/residentlife/facilities-and-operations/fire-safety-information.

INSPECTION, TESTING AND MAINTENANCE OF FIRE PROTECTION SYSTEMS AND EQUIPMENT

Residence Life staff, including RAs, conduct regular inspections of fire alarms, extinguishers, and exit signs.

UIC URBANA-CHAMPAIGN REGIONAL CAMPUS

Each year, new students/staff go through fire safety educational training conducted by the local fire departments which include evacuation procedures, fire extinguisher training, and general fire safety practices. Each floor within University Housing selects floor fire marshals who become peer educators by attending training similar to what the student staff attends. These marshals are trained to assist in a time of crises.

The University of Illinois Fire Factor Academy is a day-long fire safety and prevention educational experience geared toward college students to learn through lectures, games, and hands-on activities. The Fire Factor Vision Statement includes the following objectives:

- Increase awareness of the dangers that are common in the college living environment
- Increase ability to escape from fires
- Increase ability to prevent fires
- Appreciate and understand the work of the fire service

University Housing has been a key supporter of this initiative and continues to train student staff through participation in the Fire House Academy.

Yearlong marketing plans have been developed to educate the residents through the use of posters, bulletin boards, and video messages on the topic of fire safety education.
A “move-in day” fire safety campaign has been developed with a municipal fire department that provides fire prevention educational materials to more than 3,000 students while they are waiting in their vehicles to unload at their residence hall as part of the new-student move-in day.

University Housing and a municipal fire department have also developed the New Student Days Safety Fair. This event is intended to reach out to new students with educational materials covering a broad range of fire safety issues. In 2017, the event was held on the Ikenberry quad.

**INSPECTION, TESTING AND MAINTENANCE OF FIRE PROTECTION SYSTEMS AND EQUIPMENT**

The UIUC Housing Facilities Department administers this element of the campus fire safety program with support from Facilities and Services, Residential Life, Dining, and fire protection contractors. All fire protection systems and equipment in the residence halls is tested, inspected, and maintained using guidance from applicable National Fire Protection Association standards.

**FUTURE IMPROVEMENTS TO FIRE SAFETY**

**UIC – CHICAGO CAMPUS EAST AND CHICAGO CAMPUS WEST**

A review of fire safety systems was conducted for all UIC – Chicago Campus East and Chicago Campus West on-campus student housing facilities in 2018. A comprehensive list has been developed to upgrade, and in some cases replace, fire alarm systems. At this time, funding sources are being sought to begin this program. Three UIC buildings are at different stages of new installations, one of which includes the on-campus student housing facility Marie Robinson Hall.

**UIC SPRINGFIELD REGIONAL CAMPUS**

No major fire system improvements in the campus housing units are scheduled at this time, but University personnel from UIS DRL and Facilities and Operations conduct regular inspections of fire alarms, extinguishers, and exit signs.

**UIC URBANA-CHAMPAIGN REGIONAL CAMPUS**

Campus fire safety officials review fire safety policies and equipment on an ongoing basis. While there are no specific plans for future improvements, fire safety officials will continue to maintain and upgrade fire safety apparatus as needed.

If a member of the campus community finds evidence of a fire that has been extinguished and the person is not sure whether the police department or fire department has already responded, the community member should immediately notify the Division of Public Safety at (217) 333-1216.

To report evidence that a fire occurred and has been extinguished in UIUC University Housing contact the following person(s):

Director, Campus Code Compliance and Fire Safety
(217) 244-7215
and then report to the applicable person below:

Resident Director for each undergraduate halls
(217) 333-0770

Complex Director for the graduate residence halls and apartments
(217) 333-9566

Fire incidents reported to any of these individuals which are found to have been actual fires will be included in the annual fire statistics.

FIRE LOG

A log of all campus fires is maintained by Campus Code Compliance and Fire Safety. The log may be viewed at Facilities and Services, Code Compliance and Fire Safety, Physical Plant Building, 1501 S. Oak St., Champaign, IL 61820 during the hours of 8:00 AM to 4:30 PM, Monday through Friday. Call (217) 265-5268 for more information.
GENERAL PROCEDURES IN THE EVENT OF A FIRE

Fires can spread quickly and become life-threatening in minutes. By the time you notice a fire on your floor or hear an alarm, it may be too late to plan an escape. DO NOT waste time gathering valuables or making phone calls. Alert the people around you and evacuate immediately. Fire hazards may take the form of, but are not limited to:

- Obstructing or compromising adequate exit routes.
- Overloading electrical systems, faulty devices, or equipment.
- Improperly storing or using hazardous materials.
- Using devices or equipment improperly.

IF YOU DISCOVER FIRE ON YOUR FLOOR OR IN YOUR ROOM

- RESCUE anyone in the immediate danger area if you can safely do so.
- ACTIVATE the nearest pull station to engage the building fire alarm system.
- CONFINE the fire by closing doors to the fire scene and securing potentially dangerous substances and/or equipment.
- EVACUATE the building by the nearest or alternate exit if possible. Do not use elevators during an evacuation! If you are not able to evacuate, go to designated Area of Rescue Assistance or nearest stairwell.

WHAT TO DO ONCE THE FIRE ALARM IS ACTIVATED

- Feel the doorknob or higher on the door with the back of your hand. If it feels hot, fire may be on the other side of the door, so keep it shut.
- Even if the door is cool, open it slowly. Stand low and to one side of the door, in case smoke or fumes seep around it.
- If heat and smoke come in, slam the door tightly, stuff clothing or towels in the door’s cracks to keep smoke out, and use your alternate way out.
- Those who are unable to evacuate the building rapidly, such as persons with disabilities, should proceed to the designated Area of Rescue Assistance or nearest stairwell.
- If your clothes catch fire, stop, drop, and roll – stop immediately, drop to the ground, and cover your face with your hands. Roll back and forth until the fire is out.
- DO NOT re-enter the building until you are informed by emergency response personnel that it is safe to return.

RESCUE

anyone in the immediate danger area if you can safely do so.

ACTIVATE

The nearest pull station to engage the building fire alarm system.

CONFINE

the fire by closing doors to the fire scene and securing potentially dangerous substances and/or equipment.

EVACUATE

the building by the nearest or alternate exit if possible. Do not use elevators during an evacuation! If you are not able to evacuate, go to designated Area of Rescue Assistance or nearest stairwell if you can.

IF YOU ARE CAUGHT IN SMOKE

- Drop to your hands and knees and crawl toward an exit, if you are able to do so.
- Stay low to the floor, as smoke rises to the ceiling level.
- Hold your breath as much as possible.
- Breathe shallowly, through your nose, and use a filter such as your shirt or a towel.

IF YOU ARE TRAPPED IN A ROOM

- Place wet cloth material around or under the door to prevent smoke from entering the room.
- Signal someone outside, but DO NOT break glass unless it is absolutely necessary.
- Call 911.
STUDENT HOUSING FACILITY EVACUATION PROCEDURES IN CASE OF A FIRE

UIC – CHICAGO CAMPUS EAST AND CHICAGO CAMPUS WEST

It is your responsibility to be familiar with the safety procedures and to adhere to them fully when an alarm sounds. All residents should take note of the following:

• Know where fire equipment (including extinguishers), alarms, and exits are located.

• Keep fire doors (stairwell doors) and doors separating buildings closed so that smoke cannot get in your hall if there is a fire. Some doors have devices to ensure their closure when a fire alarm sounds.

• If a fire starts in your room, and it is safe to do so, close the windows and door to keep the fire from spreading, and leave the room.

• Do not use elevators to exit the building when a fire alarm is sounding.

• The Office of the State Fire Marshal requires residents vacate a building during an alarm. Staff and emergency personnel will assist you in evacuating the building to a safe location. Failure or refusal to comply may result in disciplinary action.

• Single Student Residence (SSR) is equipped with a high-rise fire alarm system. The fire alarm will sound on the floor where the fire exists, the two floors above, and one floor below. The remaining floor alarms will not ring and will not be evacuated unless the alarm source cannot be contained.

• Smoke causes more injury than most fires and even small fires can grow quickly and become overwhelming.

TREAT EACH ALARM AS REAL – YOU NEVER KNOW WHEN IT WILL BE A FIRE OR OTHER EMERGENCY.

Evacuation Assistance: Any resident needing help in evacuating the building should contact the Central Housing Office at (312) 355-6300 or housing@uic.edu to be put on the evacuation list maintained by the UICPD.

UIC SPRINGFIELD REGIONAL CAMPUS

All fire alarms must be reported to the University Police. For emergency reports only, the number to call is (217) 206-7777 or 911. The non-emergency police telephone number is (217) 206-6890. Should the fire alarm in your apartment activate, you must report the location and the nature of the alarm (smoke from cooking, grease fire, steam from the shower) to the police. If the alarm in your building goes off, please evacuate your apartment. By evacuating your apartment, the Resident Advisor on duty and police may account for all building residents. Treat every fire alarm as if it were a real fire.

In the residence hall, pull the nearest alarm box if the alarm has not activated in the case of a real fire. When exiting the building, stay calm and proceed immediately to the nearest exit. DO NOT use the elevator. Be sure to know an alternate route if the nearest exit is blocked. Wear shoes and dress for the weather since you may be outdoors for a long period of time. Take your keys because your room will be locked when you return. Bring a towel to cover your face in case there is smoke. Stay at least 500 feet away from the building but do not leave the premises without someone knowing in case we have to take a head count. Only re-enter the building after the alarm has been turned off and you have been instructed to do so. During fire drills or alarms, individuals who fail to evacuate are subject to University disciplinary action and fines.

Evacuation routes and instructions are posted on the doors of resident hall rooms and in UISS academic buildings. During drills, occupants practice procedures and familiarize themselves with the location of exits and the sound of the fire alarms. In addition to educating occupants about the evacuation procedures during the drills, the process also provides UIS an opportunity to test the operation of various alarm system components.

UIC URBANA-CHAMPAIGN REGIONAL CAMPUS

RESIDENT HALLS

If a fire occurs in a residence hall, the fire alarm response directly reports to Department of Public Safety dispatch who summons first responders like the fire department. Because the fire alarm system is an addressable system, the responding engine company will be given information in route that identifies the specific location in the building that was activated. This feature saves critical time for the responders as they search for fire conditions when they arrive.

Fire alarm systems notify building occupants of a potential fire, thus initiating a building evacuation sequence. As conveyed during fire drills, building occupants are directed to the nearest building exit upon activation of the fire alarm system. Use of the elevators is strictly prohibited and is controlled by the fire department upon arrival to the fire call to assist in firefighting and rescue efforts. Building occupants cannot re-enter the building until the Residential Life/Housing Staff, Fire Department, or URUCPD indicate that it is safe to do so. After every fire alarm activation or reported fire condition, the resident director on duty is responsible for submitting a fire alarm report to the Office of Residential Life.

It is policy to maintain an active list of those occupants who may be permanently or temporarily disabled and unable to evacuate if the elevators are not operational. This list is coordinated by the Housing Information Office (assignment office) and is kept on file in the residential area and at the fire department. The fire department has access to this list when responding to fire alarm activation or reported fire condition, the resident director on duty is responsible for submitting a fire alarm report to the Office of Residential Life.

FIRE STATISTICS

DEFINITIONS

Fire: For the purposes of fire safety reporting, the HEOA defines a fire as any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

Partial Sprinkler System: Having sprinklers in the common areas only.

Full Sprinkler System: Having sprinklers in both the common areas and individual rooms.

Proprietary Supervising Station: A supervising station under the same ownership as the protected premises fire alarm systems that it supervises (monitors) and to which alarm, supervisory, or trouble signals are received and where personnel are in attendance at all times to supervise operation and investigate signals.

The fire statistics shown in the following tables are for the last three calendar years, 2015, 2016 and 2017. Only those fires which occurred in UIC Chicago campus residential facilities or Springfield or Urbana-Champaign regional campus residential facilities in which UIC students reside are shown.

DEFINITIONS OF REPORTABLE CRIMES

Murder and Non-negligent Manslaughter: The willful (non-negligent) killing of one human being by another.

Manslaughter by Negligence: The killing of another person through gross negligence.

Sexual Assault (Sex Offenses): Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

A. Rape: The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

B. Fondling: The touching of the private parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

C. Incest: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

D. Statutory Rape: Sexual intercourse with a person who is under the statutory age of consent.

Robbery: The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated Assault: An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

Burglary: The unlawful entry of a structure to commit a felony or a theft. For reporting purposes this definition includes: unlawful entry with intent to commit a breaking and entering with intent to commit a larceny; housebreaking; safecracking; and all attempts to commit any of the aforementioned.

Motor Vehicle Theft: The theft or attempted theft of a motor vehicle.

Arson: Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Liquor Law Violations: The violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages, not including driving under the influence and drunkenness.

Drug Abuse Violations: The violation of laws prohibiting the production, distribution, and/or use of certain controlled substances and the equipment or devices utilized in their production and use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation, or importation of any controlled drug or narcotic substance. Arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs.

Weapons: Carrying, Possessing, Etc.: The violation of laws concerning the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons.

Domestic Violence: A felony or misdemeanor crime of violence committed - (i) By a current or former spouse or intimate partner of the victim; (ii) By a person with whom the victim shares a child in common; (iii) By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; (iv) By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or (v) By any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition- (i) Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. (ii) Dating Violence does not include acts covered under the definition of domestic violence.

Stalking: (1) Engaging in a course of conduct directed at a specific person that would cause a reasonable person to- (i) Fear for the person's safety or the safety of others; or (ii) Suffer substantial emotional distress. (2) For the purposes of this definition- (i) Course of conduct means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person's property. (ii) Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim. (iii) Substantial emotional distress means a significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

Hate Crime: A crime reported to local police agencies or to a campus security authority that manifests evidence that the victim was intentionally selected because of the perpetrator's bias against the victim. The categories of bias include the victim's actual or perceived race, religion, gender, gender identity, sexual orientation, ethnicity, national origin, and disability.

Larceny- Theft (Except Motor Vehicle Theft): The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another.

Simple Assault: An unlawful physical attack by one person upon another where neither the offender displays a weapon nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

Intimidation: To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

Hate Crimes include any of the following offenses that are motivated by bias: Murder and Non-negligent Manslaughter, Sexual Assault, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, Larceny-Theft, Simple Assault, Intimidation, and Destruction/Damage-Vandalism of Property.

Destruction/Damage/Vandalism of Property: To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

THE STATE OF ILLINOIS USES THE FOLLOWING DEFINITIONS

Criminal Sexual Assault [720 ILCS 5/11-1, 20(a)]: A person commits criminal sexual assault if that person commits an act of sexual penetration and: (1) Uses force or threat of force; (2) Knows that the victim is unable to understand the nature of the act or is unable to give knowing consent; (3) Is a family member of the victim, and the victim is under 18 years of age; or (4) Is 17 years of age or over and holds a position of trust, authority, or supervision in relation to the victim, and the victim is at least 13 years of age but under 18 years of age.

Sexual Penetration [720 ILCS 5/11-0.1]: “Sexual penetration” means any contact, however slight, between the sex organ or anus of one person and an object or the sex organ of another person, any intrusion, however slight, of any part of the body of one person or of any animal object into the sex organ or anus of another person, including, but not limited to, cunnilingus, fellatio, or anal penetration. Evidence of emission of semen is not required to prove sexual penetration.

Consent [720 ILCS 5/11-1.70]: (a) “Consent” means a freely given agreement to the act of sexual penetration or sexual conduct in question. Lack of verbal or physical resistance or submission by the victim resulting from the use of force or threat of force by the accused shall not constitute consent. The manner of dress of the victim at the time of the offense shall not constitute consent. (c) A person who initially consents to sexual penetration or sexual conduct is not deemed to have consented to any sexual penetration or sexual conduct that occurs after he or she withdraws consent during the course of that sexual penetration or sexual conduct.

Aggravated Criminal Sexual Assault [720 ILCS 5/11-1.30]: (a) A person commits aggravated criminal sexual assault if that person commits criminal sexual assault and any of the following aggravating circumstances exist during the commission of the offense or, for purposes of paragraph (7), occur as part of the same course of conduct as the commission of the offense:

1Hate Crimes include any of the following offenses that are motivated by bias: Murder and Non-negligent Manslaughter, Sexual Assault, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, Larceny-Theft, Simple Assault, Intimidation, and Destruction/Damage-Vandalism of Property.

(1) the person displays, threatens to use, or uses a dangerous weapon, other than a firearm, or any other object fashioned in a manner that leads to the victim, under the circumstances, reasonably to believe that the object is a dangerous weapon; (2) the person displays, threatens to use, or uses an explosive or force or threat of force to commit the act.

(b) A person commits criminal sexual abuse if that person: (1) commits an act of sexual conduct by force or threat of force; or (2) commits an act of sexual conduct with a victim who is under 13 years of age or over and is not less than 5 years younger than the person.

(c) A person commits criminal sexual abuse if the person uses force or threat of force to commit the act.

(d) A person commits criminal sexual abuse if that person commits an act of sexual penetration or sexual conduct with a victim who is 60 years of age or older; (e) A person commits criminal sexual abuse if that person is under 17 years of age and uses force or threat of force to commit the act.

(e) A person commits criminal sexual abuse if that person commits an act of sexual penetration or sexual conduct with a victim who is at least 13 years of age but under 17 years of age.

(f) A person commits aggravated criminal sexual abuse if that person commits an act of sexual penetration or sexual conduct with a victim who is a person with a severe or profound intellectual disability.

(g) A person commits aggravated criminal sexual abuse if that person commits an act of sexual penetration or sexual conduct with a victim who is 60 years of age or older; (h) A person commits aggravated criminal sexual abuse if that person commits an act of sexual penetration or sexual conduct with a victim who is a person with a severe or profound intellectual disability.

(h) A person commits aggravated criminal sexual abuse if that person commits an act of sexual penetration or sexual conduct with a victim who is 60 years of age or older; (i) A person commits an act of sexual penetration or sexual conduct with a victim who is at least 13 years of age but under 17 years of age.

(i) A person commits an act of sexual conduct with a victim who is under 9 years of age; or (j) commits an act of sexual conduct with a victim who is at least 9 years of age but under 17 years of age and the person uses force or threat of force to commit the act.

(j) A person commits aggravated criminal sexual abuse if that person commits an act of sexual penetration or sexual conduct with a victim who is at least 13 years of age but under 17 years of age and the person is at least 5 years older than the victim.

(k) A person commits aggravated criminal sexual abuse if that person commits an act of sexual penetration or sexual conduct with a victim who is 60 years of age or older; (l) commits an act of sexual conduct with a victim who is under 9 years of age; or (m) commits an act of sexual conduct with a victim who is at least 9 years of age but under 17 years of age and the person uses force or threat of force to commit the act.

(n) A person commits aggravated criminal sexual abuse if that person commits an act of sexual penetration or sexual conduct with a victim who is at least 13 years of age but under 17 years of age and the person is a family member.

(o) A person commits aggravated criminal sexual abuse if that person commits an act of sexual penetration or sexual conduct with a victim who is 60 years of age or older; (p) commits an act of sexual conduct with a victim who is under 9 years of age; or (q) commits an act of sexual conduct with a victim who is at least 9 years of age but under 17 years of age and the person uses force or threat of force to commit the act.

(r) A person commits aggravated criminal sexual abuse if that person commits an act of sexual penetration or sexual conduct with a victim who is at least 13 years of age but under 17 years of age and the person is a family member.

(s) An employer commits sexual abuse of a current employee or former employee if the employer uses force or threat of force to cause the employee to engage in sexual conduct with another person.

(t) An employer commits sexual abuse of a current employee or former employee if the employer uses force or threat of force to cause the employee to engage in sexual conduct with another person.

(u) An employer commits sexual abuse of a current employee or former employee if the employer uses force or threat of force to cause the employee to engage in sexual conduct with another person.

(v) An employer commits sexual abuse of a current employee or former employee if the employer uses force or threat of force to cause the employee to engage in sexual conduct with another person.

(w) An employer commits sexual abuse of a current employee or former employee if the employer uses force or threat of force to cause the employee to engage in sexual conduct with another person.

(x) An employer commits sexual abuse of a current employee or former employee if the employer uses force or threat of force to cause the employee to engage in sexual conduct with another person.

(y) An employer commits sexual abuse of a current employee or former employee if the employer uses force or threat of force to cause the employee to engage in sexual conduct with another person.

(z) An employer commits sexual abuse of a current employee or former employee if the employer uses force or threat of force to cause the employee to engage in sexual conduct with another person.
Definitions

For purposes of this Section:

(a) “Course of conduct” means 2 or more acts, including but not limited to acts in which a defendant directly, indirectly, or through third parties, by any action, method, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, engages in other non-consensual contact, or interferes with or damages a person’s property or person. A course of conduct may include contact via electronic communications.

(b) “Electronic communication” means any transfer of signs, signals, writings, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photoelectric, or photo-optical system. “Electronic communication” includes transmissions by a computer through the Internet to another computer.

(c) “Emotional distress” means significant mental suffering, anxiety or alarm.

(d) “Family member” means a parent, grandparent, brother, sister, or child, whether by whole blood, half-blood, or adoption, and includes a step-grandparent, step-parent, step-brother, step-sister or step-child. “Family member” also means any other person who regularly resides in the household, or who, within the prior 6 months, regularly resided in the household.

(e) “Follows another person” means (i) to move in relative proximity to a person so that a person moves from place to place or (ii) to remain in relative proximity to a person who is stationary or whose movements are confined to a small area. “Follows another person” does not include a following within the residence of the defendant.

(f) “Non-consensual contact” means any contact with the victim that is initiated or continued without the victim’s consent, including but not limited to being in the physical presence of the victim; appearing within the sight of the victim; approaching or confronting the victim in a public place or on private property; appearing at the workplace or residence of the victim; entering onto or remaining on property owned, leased, or occupied by the victim; or placing an object on, or delivering an object to, property owned, leased, or occupied by the victim.

(g) “Places a person under surveillance” means: (1) remaining present outside the person’s school, place of employment, vehicle, other place occupied by the person, or residence other than the residence of the defendant; or (2) placing an electronic tracking device on the person or the person’s property.

(h) “Reasonable person” means a person in the victim’s situation.

(i) “Transmits a threat” means a verbal or written threat; or a threat implied by a pattern of conduct or a combination of verbal or written statements or conduct.

Exemptions

(1) This Section does not apply to any individual or organization (i) monitoring or attentive to compliance with public or worker safety laws, wage and hour requirements, or other statutory requirements, or (ii) picketing occurring at the workplace that is otherwise lawful and arises out of a bona fide labor dispute including any controversy concerning wages, salaries, hours, working conditions or benefits, including health and welfare, sick leave, insurance, and pension or retirement provisions, the making or maintaining of collective bargaining agreements, and the terms to be included in those agreements.

(2) This Section does not apply to an exercise of the right to free speech or assembly that is otherwise lawful.

(3) Telecommunications carriers, commercial mobile service providers, and providers of information services, including, but not limited to, Internet service providers and hosting service providers, are not liable under this Section, except for willful and wanton misconduct, by virtue of the transmission, storage, or caching of electronic communications, messages of others or by virtue of the provision of other related telecommunications, commercial mobile services, or information services used by others in violation of this Section.

Cyberstalking [720 ILCS 5/12-7.3-7.5]:

(a) A person commits cyberstalking when he or she engages in a course of conduct using electronic communication directed at a specific person, and he or she knows or should know that would cause a reasonable person to: (1) fear for his or her safety or the safety of a third person; or (2) suffer other emotional distress.

(b) A person commits cyberstalking when he or she has previously been convicted of stalking another person and knowingly and without lawful justification on one occasion: (1) follows that same person or places that same person under surveillance or transmits a threat of immediate or future bodily harm, sexual assault, confinement or restraint to that person or a family member of that person.

(c) A person commits cyberstalking when he or she has previously been convicted of stalking another person and knowingly and without lawful justification on any occasion: (1) follows that same person or places that same person under surveillance or transmits a threat of immediate or future bodily harm, sexual assault, confinement or restraint to that person or a family member of that person.

(d) A person commits cyberstalking when he or she knows or should know that would cause a reasonable person to: (1) fear for his or her safety or the safety of a third person; or (2) suffer other emotional distress.

(e) A person commits cyberstalking when he or she has previously been convicted of stalking another person and knowingly and without lawful justification on one occasion: (1) follows that same person or places that same person under surveillance or transmits a threat of immediate or future bodily harm, sexual assault, confinement or restraint to that person or a family member of that person.

(f) A person commits cyberstalking when he or she has previously been convicted of stalking another person and knowingly and without lawful justification on any occasion: (1) follows that same person or places that same person under surveillance or transmits a threat of immediate or future bodily harm, sexual assault, confinement or restraint to that person or a family member of that person.
of that person; or (2) places that person or a family member of that person in reasonable apprehension of immediate or future bodily harm, sexual assault, confinement, or restraint; or (3) at any time knowingly solicits the commission of an act by any person which would be a violation of [the Criminal] Code directed towards that person or a family member of that person.

(a-4) A person commits cyberstalking when he or she knowingly, surreptitiously, and without lawful justification, installs or otherwise places electronic monitoring software or spyware on an electronic communication device as a means to harass another person and: (1) at any time transmits a threat of immediate or future bodily harm, sexual assault, confinement, or restraint and the threat is directed towards that person or a family member of that person; (2) places that person or a family member of that person in reasonable apprehension of immediate or future bodily harm, sexual assault, confinement, or restraint; or (3) at any time knowingly solicits the commission of an act by any person which would be a violation of [the Criminal] Code directed towards that person or a family member of that person. For purposes of this Section, an installation or placement is not surreptitious if: (1) with respect to electronic software, hardware, or computer applications, clear notice regarding the use of the specific type of tracking software or spyware is provided by the installer in advance to the owners and primary users of the electronic software, hardware, or computer application; or (2) written or electronic consent of all owners and primary users of the electronic software, hardware, or computer application on which the tracking software or spyware will be installed has been sought and obtained through a mechanism that does not seek to obtain any other approvals or acknowledgement from the owners and primary users.

(a-5) A person commits cyberstalking when he or she, knowingly and without lawful justification, creates and maintains an Internet website or webpage which is accessible to one or more third parties for a period of at least 24 hours, and which contains statements harassing another person and: (1) which communicates a threat of immediate or future bodily harm, sexual assault, confinement, or restraint, where the threat is directed towards that person or a family member of that person; or (2) which places that person or a family member of that person in reasonable apprehension of immediate or future bodily harm, sexual assault, confinement, or restraint; or (3) which knowingly solicits the commission of an act by any person which would be a violation of [the Criminal] Code directed towards that person or a family member of that person.

(c) For purposes of this Section:

(1) “Course of conduct” means 2 or more acts, including but not limited to acts in which a defendant directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about a person, engages in other non-consensual contact, or interferes with or damages a person’s property or pet. The incarceration in a penal institution of a person who commits the course of conduct is not a bar to prosecution under this Section.

(2) “Electronic communication” means any transfer of signs, signals, writings, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photoelectric, or photo-optical system. “Electronic communication” includes transmissions through an electronic device including, but not limited to, a telephone, cellular phone, computer, or pager, which communication includes, but is not limited to, e-mail, instant message, text message, or voice mail.

(2.1) “Electronic communication device” means an electronic device, including, but not limited to, a wireless telephone, personal digital assistant, or a portable or mobile computer.

(2.2) “Electronic monitoring software or spyware” means software or application that surreptitiously tracks computer activity on a device and records and transmits the information to third parties with the intent to cause injury or harm. For the purposes of this paragraph (2.2), “intent to cause injury or harm” does not include activities carried out in furtherance of the prevention of fraud or crime or of protecting the security of networks, online services, applications, software, other computer programs, electronic communication devices, or similar devices.

(3) “Emotional distress” means significant mental suffering, anxiety or alarm.

(4) “Harass” means to engage in a knowing and willful course of conduct directed at a specific person that alarms, torments, or terrorizes that person.

(5) “Non-consensual contact” means any contact with the victim that is initiated or continued without the victim’s consent, including but not limited to being in the physical presence of the victim; appearing within the sight of the victim; approaching or confronting the victim in a public place or on private property; appearing at the workplace or residence of the victim; entering onto or remaining on property owned, leased, or occupied by the victim; or placing an object on, or delivering an object to, property owned, leased, or occupied by the victim.

(6) “Reasonable person” means a person in the victim’s circumstances, with the victim’s knowledge of the defendant and the defendant’s prior acts.

(7) “Third party” means any person other than the person violating these provisions and the person or persons towards whom the violator’s actions are directed.

(d) Telecommunications carriers, commercial mobile service providers, and providers of information services, including, but not limited to, Internet service providers and hosting service providers, are not liable under this Section, except for willful and wanton misconduct, by virtue of the transmission, storage, or caching of electronic communications or messages of others or by virtue of the provision of other related telecommunications, commercial mobile services, or information services used by others in violation of this Section.

(e) A defendant who directed the actions of a third party to violate this Section, under the principles of accountability set forth in Article 5 of [the Criminal] Code, is guilty of violating this Section as if the same had been personally done by the defendant, without regard to the mental state of the third party acting at the direction of the defendant.

(f) It is not a violation of this Section to: (1) provide, protect, maintain, update, or upgrade networks, online services, applications, software, other computer programs, electronic communication devices, or similar devices under the terms of use applicable to those networks, services, applications, software, or an applicable permit or conditions in a contract or license related to networks, online services, applications, software, other computer programs, electronic communication devices, or similar devices; or (3) create any liability by reason of terms or conditions adopted, or technical measures implemented, to prevent the transmission of unsolicited electronic mail or communications.
